This message came from outside your organization.

Hi Mark, Chad, and Lowell,
Attached is the memo summarizing the PFAS projects at MSN that I am aware of. Please review and let me know if you have any questions. I understand a new engineer has been hired by the county and he will be starting soon. Maybe once he is onboard, we should meet to discuss.
Sincerely,

**Tim Astfalk**, **PE, ENV SP**

**Subject:** RE: August 6 WDNR PFAS Call

Hi Lowell,

I was on vacation but back now. Will work up a summary and then we can schedule a meeting.

**Subject:** RE: August 6 WDNR PFAS Call

Tim –

I concur. Chad and I discussed these same items after the meeting and agree with this proposal. It would also be good to have M&H meet with DCRA staff and provide an Executive Brief of PFOS/PFAS projects, monitoring, reporting and mitigation efforts. A history of the people, agencies and their roles would also help get everyone on the same page.

Thanks,

Lowell

**Subject:** August 6 WDNR PFAS Call

Hi All,
Thanks for joining the call this morning. Mead & Hunt will be monitoring the WDNR BRRTs website for the two documents that will be posted soon related to the Wisconsin Air National Guard investigations. These are important reports that have been in development for a couple of years. I am sure they will generate a lot of

interest from the media and the public. When they are made available, we may want to schedule a meeting to discuss and plan the County's response.
The Air Guard also discussed the formation of a Remedial Action Board they will be assembling for this project. We should consider what role the County wants to have on this Board.
Let me know if you have any questions.
