Updated draft is attached. I have a suggested edit in the quote that I strongly recommend you include because this is all still preliminary. I would caution against saying definitive things like this "protects future generations."

We will have to run this by the vendor for approval as well. Please let me know if you are ok with the new version.

Thank you,

**Subject:** press release draft

Good morning. Last week Director Papko brought the attached draft press release to his check in with the CE with a proposed date of tomorrow for sending. Does that timeline still work for the CE press calendar and are there any edits to the CE quotes from her? Just let me know if you or the CE have any questions about the issue and I would be happy to answer them. Thanks--Carrie

Thank you,
