Since submission of that LHM, [REDACTED] and [REDACTED] concerning his visit with NEWTON. This article was subsequently reprinted on Page 12 of the Black Panther newspaper in the Monday, 2/17/69, edition. RECOMMENDATION

It is recommended that the following anonymous letter be mailed to the Manager of WSTV-TV from Steubenville, Ohio. The letter reads as follows:

"Dear Sir:

"As long time residents of the upper Ohio Valley, we have been very interested in WSTV-TV as it has such a pervasive influence in our area. Your station has in large part been a positive factor in the progress of the area and your programming has always consisted of a responsibility balance between the national and local events. WSTV has always, we feel, fairly reflected the public interest.

"Frankly, the compelling reason for this letter is [REDACTED]

[REDACTED] We feel that by supporting [REDACTED] and giving him a forum for his views, WSTV is encouraging civil disorder, violence, and is directly leading to the undermining of the citizens' confidence in government, both local and international.

"To support our charge, you need only review some of his programs and note the importance of many of his seemingly innocuous statements and reflect upon them.

"We think that it behooves you, as a public broadcasting facility, to take cognizance of [REDACTED] activities and pronouncements. To help you in this matter, the following information is being brought to your attention:

"On February 17, 1969, the "Black Panther," the official newspaper of the Black Panther Party (BPP), carried an article by [REDACTED] which was a cleverly disguised piece of propaganda concerning Huey Newton, who is, as you know, a founder of the BPP. Newton was convicted by a California court of killing a police officer. We do not feel that a man who eulogizes Newton should have a forum on television for the further dissension of his views.

"The BPP calls for its members to arm themselves, use their guns and start a revolution. They openly claim that they will use guerrilla tactics and overthrow the American Government. To check on this, you need only to subscribe to or read one issue of their newspaper.

"Can you be sure that ROBE, an organization that [REDACTED] belongs to locally, is not really a chapter of the BPP? He has openly criticized the Community Action Council, COMBAT and the NAACP. By criticizing these groups and causing people to question their actions and integrity, he poses as the only individual who truly has the black man's interests at heart. This, you know, is false. Will he not some day turn on you also? Is he not now calling upon his followers to arm themselves and create a disturbance in our schools and at our athletic contests?

"We think it would be most illuminating for you to determine why the trustees, all black, of the Phyllis Wheatley Association, no longer allow [REDACTED] to use their premises for his meetings with high school students. We feel you should determine who the black militant hate mongers are whom he introduces into the community. Why has Taylor so antagonized many of his colleagues in the civil rights field?

"Thank you for your consideration in this matter."

CI 100-16921

The Cincinnati Division, at Steubenville, Ohio, recognizes that it will be more effective if this information could be given to a personal contact at the television station. This is not being considered as the risk of exposure is too great for the following reason:

There is a great deal of prostitution and gambling in the Steubenville area and two announcers, who work for the television station, are involved in these matters. It is felt that the anonymous letter technique is the more prudent approach at this time, and therefore it is recommended.

OBJECTIVE

It is felt that by bringing this information to the attention of the television station, they will have to consider its implications.

They have numerous alternatives, but it is hoped that they will consider terminating subject's [REDACTED] contract at a suitable time after a preliminary inquiry reveals the facts in the letter to be true. If they do not make an inquiry and do not consider terminating [REDACTED] services, it is felt that they at least will show the letter to [REDACTED] and it is felt that this will cause him to tone down many of his statements.

FOLLOW UP

Depending upon any tangible results obtained from this letter, the Cincinnati Division could send the same letter to various advertisers with a different forward, and requesting them to withdraw their advertising from WSTV-TV. In connection with this follow up, the Cincinnati Division would utilize as enclosures anti-semitic statements made by Black Nationalists.

It is recommended that the Bureau approve the above measure to be instituted by the Cincinnati Division at the earliest possible date.

To add weight to this letter, Cincinnati may wish to sign it with a fictitious name and address that cannot be readily checked. In addition, since the letter is obviously written by an educated person, the word "innocuous" in paragraph three, line three, should be spelled correctly.

This letter complains to a local television station about [REDACTED] who has a regular program. [REDACTED] has written an article for the "National Catholic Reporter," which portrays Black Panther leader Huey Newton, convicted of killing a police officer, as a martyred idealist. Taylor has written to Newton expressing his admiration and has used his television show as a forum for black nationalist ideas and New Left philosophy. The anonymous letter points out that [REDACTED] article praising Newton was reprinted in the Black Panther newspaper. Since this letter will be anonymous or signed with a fictitious name, there is no possibility of embarrassment to the Bureau.

San Diego has aggressively pursued a policy of disrupting and neutralizing the local chapter of the BPP in San Diego through Bureau-approved counterintelligence maneuvers. In view of the achievements in this regard, it appears that Special Agent personnel may merit some sort of recognition. ReBulet to TP, 2/19/69.

[REDACTED] advised his station has no facilities to reduce video tape film to 16mm motion picture film. He advised that to his knowledge all local stations forward video tape for reduction to 16mm film to WTTW, Chicago, Ill. who performs this work in approximately one to two weeks, depending upon their work load, at a cost of \$6.00 to \$11.00 a minute of running time. He pointed out that "Wild Grapes" lasts 27 minutes running time and accordingly, the cost for reduction of the tape to film would run approximately \$180 to \$300.

[REDACTED] pointed out that his firm would be glad to forward the tape for the Tampa Division to WTTW, Chicago, to have the item reproduced.

The program "Wild Grapes" presents interviews with black militants who are associated with the Junta of Militant Organization, St. Petersburg, Fla., interviews with college presidents at Florida Presbyterian College, St. Petersburg, and University of South Florida, Tampa, Fla., as well as interviews with students of the New Left movements on campus at the University of So. Fla., and interviews with individuals residing Tampa, Fla. who have been involved in protest demonstrations locally. In addition the film presents portions of a speech made by Vice President SPIRO T. AGNEW at the Bayfront Center Auditorium, St. Petersburg, to a group of college students who were demonstrating against the war in Vietnam and contains his public comments rebuking this group. Additionally the film contains very pertinent comments by [REDACTED] which support the U.S. Government and rebukes militants. The film also reviews documentation published by the Junta of Militant Organization

and contains pictures of protest demonstrations at Tampa, Fla. Quotations from the Director of the FBI from public source material are also included.

The editorial comments throughout this film support anti-demonstration, anti-riot and anti-militancy attitudes and is done on a high level which would be acceptable to any type audience.

[REDACTED] also advised that the outages which are on 16mm film, which consist of interviews not incorporated in the program, are available to the FBI for copying. These films will be obtained, reviewed by Tampa and forwarded to the Bureau. However, they will not contain the program "Wild Grapes" as edited.

Tampa Division would recommend that the tape be reduced to 16mm film as this program should be of benefit to racial schools conducted by the Bureau, showing at In-Service or new agents classes as well as a possible item to be furnished a field division who is going to utilize such procedure in a counterintelligence effort. It would not appear that the cost involved is prohibitive and Bureau permission to proceed with having [REDACTED] forward the "Wild Grapes" video tape to WTTW, Chicago, for reproduction on 16mm movie film at a cost of approximately \$300.00 is being requested.

NOTE:

The program "Wild Grapes" was presented on WFLA TV, Tampa, Florida. It has interviews of black extremists associated with the Junta of Militant Organization, St. Petersburg, Florida, as well as interviews of New Left leaders. Editorial comment during the program brings out the extremist nature of this organization. The program was prepared with the assistance on a confidential basis of the Tampa Division as a counterintelligence measure. Tampa recommends obtaining a copy of the program for showing at In-Service classes and for possible use of other offices considering similar counterintelligence operations. We concur, in addition, the film should be useful for briefing purposes. Cost of reproduction, which will be handled by our established source at WFLA TV through a commercial firm, will be between \$180 and \$300. It is necessary to obtain a 16mm print of this film for our purposes as equipment for viewing the program on video tape is not readily available.

FROM : SAC, HOUSTON (157-1210)

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALISTS - HATE GROUPS
RACIAL INTELLIGENCE

ReHOlet, 11/18/68.

I. Operations Under Consideration

By letter dated 2/26/69, Houston Division proposed a counterintelligence measure directed against the Black Panther Party (BPP) nation-wide which proposal dealt with a communication directed to the various BPP chapters throughout the country requesting a minimum of \$500 be sent to a Post Office Box in Oakland, California which box would be rented in the name of one of the officials of the BPP. It is felt this proposal if put into effect would cause considerable distrust among the BPP and in particular the leadership of the BPP which reportedly is undergoing considerable financial difficulties. No action is being taken on this proposal pending specific Bureau instructions.

II. Operations Being Effected

No specific counterintelligence operation is currently being effected against the Black Nationalist-Hate Groups in Houston other than to continue to capitalize on well placed informants within the NOI and within the group attempting to establish a BPP chapter in Houston. In this regard informants have reported that as a result of the recent trip to Chicago for the National NOI Convention, the male members of the contingent were put in a hotel room, four persons to each room and were charged \$10 a piece per night for their lodging. This money was given to [REDACTED] of the Houston contingent and it was determined by the membership that the room rent was only \$18.00. Members have inquired and continue to be unhappy with the fact that [REDACTED] will not account for the extra \$22.00 which he apparently pocketed and continues to tell members that it is none of their business what happens in the Mosque. This consternation among the membership will continue to be exploited

through appropriate handling of informants. It is pointed out also that through the control of well placed informants within the group attempting to form a BPP chapter in Houston, no chapter has been formed to date and it appears that the persons who formerly desired a BPP chapter in Houston are losing interest in this endeavor.

III. Tangible Results

Results of counterintelligence action in the Houston Division have been considerable friction developing among the NOI members and leaders because of money matters and also a significant result as regards the BPP is the fact that no BPP chapter has been formed in Houston to date.

IV Development of Counterintelligence Interest

No outstanding development of a counterintelligence interest has developed in the Houston Division; however, well placed informants within the black nationalist groups have been instructed to remain alert for a possibility of counterintelligence action against the black nationalist groups and in the event additional counterintelligence actions appear feasible, the Bureau will be advised.

90-DAY PROGRESS LETTER

I. COUNTERINTELLIGENCE OPERATIONS UNDER CONSIDERATION

The Memphis Office is on a continuing basis attempting to develop informants within the ranks of the known black militant organizations within this Division and has made repeated efforts during the past 90 days in sending logical and willing potential informants into meetings of these organizations in an effort to have these potential informants recruited into these black militant organizations. These efforts are continuing and it is contemplated that within the near future one or more of these individuals will be accepted into the black militant organizations known as the Invaders and the Black Knights.

Due to the success of the counterintelligence program whereby the Memphis Office has been furnishing to a reliable newspaper source of the Memphis Office information regarding the black militant organization known as the Invaders, as set out hereinafter, the Memphis Office is giving consideration to increasing this type of counterintelligence activity and a preliminary contact has been made with a representative of the Memphis "Commercial Appeal" who has always been cooperative with this Bureau in an effort to determine his interest in writing articles exposing the Invaders organization and the Black Knights organization.

such as the articles that have been written recently and appeared in the Memphis "Press-Scimitar," the afternoon daily newspaper. This contact appears to be receptive and, if after the next contact with this individual he appears cooperative, Bureau authority will be requested to "leak" information of a derogatory nature regarding the Invaders and other black nationalist militants to this reporter.

II. COUNTERINTELLIGENCE OPERATIONS BEING EFFECTED

Interview Program

The Memphis Office is continuing its policy of interviewing any Negro who is known to associate with any black militant group at Memphis, Tennessee, immediately upon ascertaining his identity and provided no Bureau restrictions are in effect which would preclude interviewing this individual. It is hoped that such an interview program will serve two purposes, one, the development of potential informants, and, two, will keep this individual from perhaps becoming a confirmed and active member of any black militant group at Memphis, Tennessee. There is evidence that these initial interviews which are general in nature and merely point out to the individual being interviewed the dangerousness and the anti-Negro position of these black militant organizations and on several occasions, it is known that these interviews have resulted in the potential member of the Invaders and/or the Black Knights having nothing further to do with these organizations.

The exchange of information on a daily basis with the Intelligence Unit of the Memphis, Tennessee, Police Department, which has resulted in numerous arrests, not only of black militants at Memphis, Tennessee, but also members of the newly formed chapter of the Students for a Democratic Society (SDS) at Memphis State University, is continuing and has proved beneficial to both the Memphis, Tennessee, Police Department and to the local FBI Office. Due to the informant coverage of the Memphis Office in a photographic sense, the Memphis Office has been in a position to obtain photographs of most, if not all, of the current members of the Invaders and as a result has been able to furnish the Memphis, Tennessee, Police Department copies of these photographs which have been of great assistance to the Police Department in policing this Invaders group.

III.

**TANGIBLE RESULTS OF COUNTERINTELLIGENCE
OPERATIONS**

The "leaking" of derogatory information regarding the Invaders and their plans to a trusted newspaper source has resulted in almost daily articles exposing the activities of the militant group at Memphis known as the Invaders. This expose of Invaders activities has resulted in numerous results, not the least of which has been the willingness of merchants at Memphis, Tennessee, who have been subject to what amounts to extortion by members of these Invaders being willing to come forward now and testify against these individuals in court. These newspaper articles have exposed the Invaders as being young thugs preying on their own race and have shattered the illusion among the Negro populace of Memphis that the Invaders are interested in helping their own people. This series of articles was culminated by a full-page article by [REDACTED] in which [REDACTED] set forth an outline of activities of the Invaders, those that have been arrested with their crimes, and the identities of the victims of these crimes. Summarizing paragraph at the end of this article pointed out that the majority of crimes committed by these Invaders had been against people of the Negro race. This article has resulted in numerous calls by responsible Negroes at Memphis, Tennessee, to both the FBI at Memphis and to the Memphis Police Department indicating that they no longer have any sympathy for this Invaders group. There have been several instances where Negroes have offered their services to the Memphis Police Department in an effort to combat this Invaders group.

Care is being exercised to insure that information furnished to [REDACTED] is information that could be obtained at various public meetings or through public sources if an interested person was at these meetings or knew where to look for the information.

Information being received recently from RI (PRCB) (Ghetto) sources of the Memphis Office indicates that these articles written by [REDACTED] have resulted in widespread disillusionment with the Invaders on the part of the Negro populace at Memphis, Tennessee.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

During the past 90 days, through cooperation with authorities of the Intelligence Unit of the Memphis, Tennessee, Police Department and the administrators of Memphis State University (MSU), the newly formed SDS Chapter at MSU has been unable to secure a charter and some 11 of their members have been arrested charged with possession or use of marijuana. Nine of these members were arrested as a result of information obtained from Bureau informants and furnished to the Vice Squad of the Memphis Police Department. This tactic has resulted in the inability of this SDS Chapter to secure a charter at Memphis State University, has caused a great many of their former members to drop out of this organization, and has rendered this organization at the present time inept.

While this is not directly connected with the black militant hate groups, it should be pointed out that every effort is being made on the SDS Chapter at Memphis to recruit Negro members and they are working hand in hand with the Black Student Association (BSA) at MSU which is a cell or a branch of the over-all Black Power organization at Memphis known as the Black Organizing Project (BOP).

Two informants have been developed in this SDS Chapter and are active members of this SDS chapter and counterintelligence activities directed against the SDS members, particularly with regard to their use of marijuana, is being continued by the Memphis Office.

The Memphis Office is making every effort to be alert to any counterintelligence operation that might disrupt or embarrass local black militant activities at Memphis, Tennessee.

The Bureau will be kept advised of all developments.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE

Re SL let to Bureau, 1/8/69.

The following information is submitted regarding counterintelligence activity (Black Nationalist) for the previous 90 days in accordance with Bureau instructions:

1. Operations Under Consideration

By communication dated 2/14/69, this Division requested permission to send an anonymous letter to [REDACTED] accusing him of infidelity. Appropriate follow-up action was also requested in that communication. Should such action be taken it is anticipated that it will cause considerable concern to [REDACTED] and the Black Liberators to the point of adversely affecting their plans and activities.

St. Louis is currently awaiting Bureau authority for the above action.

2. Operations Being Effectuated

Bureau authority was received in communication dated 1/30/69, for the Baltimore Division to send an anonymous letter to [REDACTED] accusing [REDACTED] of possibly being an informant for the Federal Government. Baltimore has not yet advised this Division of when the letter was sent, although it is presumed that the action has been completed.

This counterintelligence activity was proposed by the St. Louis Division in order to widen the rift between [REDACTED] and prevent any reconciliation, since [REDACTED] cannot run any type of successful operation without [REDACTED]

3. Tangible Results

Past and current counterintelligence activities of this Division directed toward the destruction of the close ties that formerly existed between [REDACTED] have met with success.

[REDACTED] made bond on his local assault charges and was released in mid-January 1969, while [REDACTED] was out of town. [REDACTED] and his brother [REDACTED] immediately "took over" the organization and "spread the word" that [REDACTED] was out of the organization forever.

When [REDACTED] returned to the area, he took up residence in E. St. Louis, Illinois, and had no apparent contact with the Black Liberators. Finally [REDACTED] came to St. Louis on 1/31/69, and at a joint press conference with [REDACTED] announced he was resigning as [REDACTED]. According to the announcements, [REDACTED] replaced [REDACTED] in that position, and [REDACTED] a Black Liberator that [REDACTED] (never trusted) would become the [REDACTED].

4. Developments of Counterintelligence Interest

As the Bureau is aware, a local dissident group of CORE called ACTION is drawing close to the Black Liberators. ACTION publishes a newspaper every two weeks and ten copies of it are furnished the Bureau under the caption: "BLACK NATIONALIST MOVEMENT - PUBLICATIONS RM" Bufile 157-8580. While the newspaper has relatively little circulation and interest in the Black community, it can be expected to improve its stature. At present the newspaper promotes racial hatred and attempts to direct all Negro complaints in the direction of the "hunky establishment" and "police pigs".

This Division is considering the best way to blunt the effectiveness of the newspaper and the activities of ACTION. Bureau authority will be requested when such a plan is formulated.

As the Bureau has been advised, [REDACTED] is a close associate of [REDACTED] and if not already, is fast becoming his "financial angel." The New Haven Division has confirmed that [REDACTED] travelled with [REDACTED] to Bridgeport, Conn., in Feb. 1969, and [REDACTED] into the program which was presented to Negro audiences there.

[REDACTED] has a history of CP and CP Front association during the period [REDACTED] although no recent activity has been noted. [REDACTED]

SL: 157-5818

[REDACTED]

Just how this can be used in a counterintelligence activity against [REDACTED] has not been resolved although it is something which should be considered by both the St. Louis and Springfield Divisions.

It is almost unknown among the Black community here that [REDACTED] has not been publically photographed with him. to the knowledge of this division. Blacks who have [REDACTED] are generally not held in high esteem by the Black militants in this area.

Pitt Hires Black Leader

Howze To Recruit Negro Students

The University of Pittsburgh has enlisted a black militant to co-ordinate a recruiting drive for "qualifiable" black students backed by an \$65,000-a-year scholarship program.

The financial aid plan — launched last summer along with a stepped-up search for prospective Negro scholars — has been renamed the Malcolm Martin Marcus scholarships.

3 Men Honored

That name honors black leaders Malcolm X, Dr. Martin Luther King and Marcus Garvey.

The University-Community Education Program announced at the same time its selection of Sam Howze of the Hill District to co-ordinate its search-and-scholarship efforts.

Howze, 25, also known as Sala U Din Sail Salaam, is chairman of the Afro-American Institute, which promotes black history and culture study.

50 Grants Available

Fifty Malcolm Martin Marcus scholarships—each worth up to \$1700 a year—will be awarded to needy and potentially-able students this summer.

Thirty of the grants will go to black students from Allegheny County, 10 to black students from outside the County and 10 to members of other minority groups such as Puerto Ricans or Mexicans.

These students, identified as needing academic help to enter college, will be brought to the Pitt campus for a special preparatory program in the summer.

A Pitt spokesman pointed out that the search for black students extends beyond the Malcolm Martin Marcus scholarship project, which is backed by foundation grants.

He said Pitt hopes to have 200 blacks among the entering freshman class this fall. This figure would nearly double the number of blacks among last fall's freshmen.

Howe's Court

About Gun

Believed Weapon Was Unloaded, Howe Testifies

By PERRY McMANIS

Black militant Samuel Howe testified today he didn't know his gun was loaded when he—and it—were seized by police last Jan. 10.

Howe, 36, named last week to coordinate a drive to recruit student applicants for \$25,000 worth of University of Pittsburgh summerhips, is on trial in Criminal Court.

The defendant, who also uses the name Sala Udin Said Salama, is charged with violation of the Uniform Firearms Act and driving without a license.

Goes On Stand

On the stand in his own behalf, he said he had picked up the German Luger he had owned since 1967, from a friend who had offered to clean and test fire the weapon. He identified the friend as Richard Brock of Wilkinsburg, who, he said, is a fellow-member of the Darryl Gun & Red Club near South Park.

He said Mr. Brock, 33, has a firing range in his basement.

Howe said he had picked up the gun that morning, and checked in at his job at Western Psychiatric Institute, where he was a member of the Hill District mental health team.

He said he later persuaded his cousin, Ronald Howe, to drive him to a meeting of United-Black Power.

When he emerged from that session, he said, two officers whom he knew, James Moore and James Carter, waved to him and requested his driver's license. He said he had none.

Gun Falls

He told his attorney, Byrd Brown, that the police discovered the gun when it fell from a brown bag as they towed the car away.

This version, however, conflicted with testimony by Officer Meier, who said he saw a brown leather holster on the front seat. He said the gun was loaded with one clip, and had an empty clip in the holster.

Howe said he didn't see the Luger was loaded, and the only time he was confronted with the evidence was when Inspector Horace McDaniel brought it to his cell and asked, "Is this your gun?"

Trial Resumed

Judge Joseph F. Weis recessed the trial to hear arguments between Asst. District Attorney William F. Manicelo and Mr. Brown.

Howe was appointed chairman of the Pitt scholarship recruitment committee by representatives of six organizations — United Black Front, Forever Action Together, United Soul, Together Inc., Concerned Citizens and the Afro-American Institute.

He is chairman of the Institute, a Hill District group organized to promote black pride.

Howe is not enrolled at Pitt, but Dr. Donald Smith, director of the University Community Education Program, said his appointment resulted from a decision to limit "pushy" representation.

After Attorney Brown asked to file briefs, Judge Weis took the motion under advisement.

I. OPERATIONS UNDER CONSIDERATION

2. The Bureau was advised by separate letter dated

a Security Index subject of WFO, was three months behind in payments on a car purchased by her in 1967. The finance company plans to repossess the car if it can be located. WFO, in its investigation of [REDACTED] has determined the location of the car and requested permission to furnish this info to the finance company.

3. WFO has noted and reported on instances in the recent past in which black extremists have lectured to students at Cardoza and Eastern High Schools under the guise of black studies programs. It appears that the only effective way to counteract this situation would be through a series of in depth articles by friendly local newsmen to prevent high school students from being exposed to black extremist preachings in an atmosphere which is one sided and unrebutted by truth.

II. OPERATIONS BEING EFFECTED

1. Pittsburgh advised on 11/14/68, that [REDACTED] an Agitator Index subject of that office. [REDACTED] in a [REDACTED] exhibited a current membership card in the National Rifle Association (NRA) during investigation of a complaint that he was providing firearms training for members of the Black Nationalist movement in Pittsburgh. With Bureau permission, this information was provided on a confidential basis to an established contact in the membership section of the NRA for possible action to revoke [REDACTED] membership. The contact advised that the information concerning [REDACTED] was sufficient to merit revocation of membership but that such action must be the result of the membership committee. The contact advised that he would present the information relating to [REDACTED] to the membership committee for action. In addition, he stated that any similar information concerning members of the NRA would be welcome inasmuch as the NRA is desirous of removing from its rolls any individual who uses guns or his NRA membership in a wrongful manner.

2. With reference to the incipient Black Panther Party (BPP) organization in Washington, D.C., being formed by [REDACTED] WFO is following a general policy of establishing contact with BPP members or prospective members within a reasonably short time after they have been identified as such. The purpose of these interviews has been to determine the attitudes of the individuals, to attempt to further the coverage of this group through source development and to serve notice on the leaders of these BPP members of the active investigative interest of the Federal Government through the FBI.

III. TANGIBLE RESULTS

1. As a result of information received from sources that [REDACTED] announced he was forming a Black Panther Party in Washington, D.C., and that persons interested should sign up at [REDACTED] and advise of his activities.

Another reliable source of WFO reported that [REDACTED] organization was not affiliated with the Black Panther Party in Oakland, California, and that STOKELY CARMICHAEL, Prime Minister of the BPP, advised his associates in Washington, D.C., to stay away from [REDACTED]. Based on this information, a phone call was placed to [REDACTED] from New York City wherein the caller told [REDACTED] that he was calling to advise [REDACTED] not to use the BPP name and to stop his organizational activities. Although [REDACTED] did not seem disconcerted by the call, it is noted that the following week he released a press statement which said in effect that his organization was not recognized by the BPP and that his organization would be called the Black Defenders until such time as it was approved by the national BPP office.

2. [REDACTED] himself was interviewed on a number of occasions in recent weeks as a Potential Racial Informant. These contacts were terminated on 2/20/69, when [REDACTED] expressed anger and resentment to the contacting agent, indicating that interviews of his members and prospective members were seriously impeding his efforts to establish a viable BPP in Washington, D. C.

IV. DEVELOPMENTS OF A COUNTERINTELLIGENCE INTEREST

The Bureau was previously advised that the New School for Afro-American Thought (NSAT) was involved in an internal power struggle for control of the school. Sources of WFO familiar with NSAT have advised that a more moderate group intent on stressing the educational function of the school has taken control and that the more militant clique no longer frequents the NSAT.

[REDACTED] arrived in Washington, D.C., to confront [REDACTED] and advise him to desist in his use of the BPP name. He also told [REDACTED] to forward any monies solicited by using the BPP name to the national office of the BPP in California.

Since the departure of STOKELY CARMICHAEL, the Black United Front has been involved in an internal struggle for control by various members. It appears unlikely that the BUF will survive as a viable organization unless a strong leader is elected in the forthcoming BUF elections.

ReBulet to Albany 1/30/69.

In accordance with relet, the following is hereby submitted:

Inasmuch as there is currently no recognized chapter of the Black Panther Party (BPP) in Washington, D.C., WFO intends to take the following action in the event an attempt is made to form such a chapter:

WFO is prepared to infiltrate any incipient BPP organization with informants who will thereby be in a position to grow with the organization and place themselves in a position of leadership.

Thereafter, WFO intends to identify and interview all members and prospective members with the threefold purpose of 1) further identifying members of the organization and determining the extent of their black extremist attitude and involvement, 2) possible informant development, and 3) making the individuals and the chapter aware of the interest of the FBI in the BPP.

This has proved effective in the past in connection with the attempt of [REDACTED] to form a BPP chapter in Washington, D.C. [REDACTED] was reported as saying recently that

he was very agitated by the fact that the FBI had been interviewing all of the members of his organization, which has since become virtually inactive. In addition, a member of the Central Committee of the New York BPP is reported as saying recently, according to a Baltimore informant, that a BPP chapter could not be organized in Washington, D.C., in the near future because there are too many FBI men "snooping around."

Inasmuch as the above methods have been successful to a considerable degree, it is suggested that they might be effective in other areas where BPP chapters are in the formative stages.

SUBJECT: COUNTER-INTELLIGENCE PROGRAM

(BLACK LIBERATORS)

Enclosed for the Bureau are two copies and for Springfield one copy of a letter to [REDACTED]

The following counter-intelligence activity is being proposed by the St. Louis Division to be directed against [REDACTED]. He is [REDACTED] and [REDACTED]

The activity attempts to alienate him from his wife and cause suspicion among the BLACK LIBERATORS that they have a dangerous troublemaker in their midst.

BACKGROUND:

[REDACTED] who [REDACTED] He occasionally sends her money and she appears to be a faithful, loving wife, who is apparently convinced that her husband is performing a vital service to the Black world and, therefore, [REDACTED] must endure this separation without bothering him. [REDACTED] is, to all indications, an intelligent, respectable young mother, [REDACTED]

Her husband, on the other hand, considers himself a "ROMEO" and he frequently enjoyed the bedroom affection of various Sisters of the BLACK LIBERATORS, including [REDACTED]

How [REDACTED] actually feels about his wife is a matter of conjecture, but it is highly probable that he wants no problems at home that would detract from his Black Nationalist Work, or cast a reflection upon him with the white ministers in the area who are sympathetic and previously helpful to him.

ENCLOSURE

SL: 157-5818

EXPLANATION OF LETTER:

The enclosed letter was prepared from a penmanship, spelling, and vocabulary style to imitate that of the average Black Liberator member. It contains several accusations which should cause [redacted] great concern. The letter is to be mailed in a cheap, unmarked envelope with no return address and sent from St. Louis to [redacted] residence in Cairo. Since her letters to [redacted] are usually sent via the Black Liberator Headquarters, any member would have access to getting her address from one of her envelopes. This address is available to the St. Louis Division.

Her response, upon receipt of this letter, is difficult to predict and the counter-intelligence effect will be nullified if she does not discuss it with him. Therefore, to insure that [redacted] and the Black Liberators are made aware that the letter was sent, the below follow-up action is necessary:

St. Louis will furnish Springfield with a machine copy of the actual letter that is sent. Attached to this copy will be a neat typed note saying:

[redacted]
"A mutual friend made this available without [redacted] knowledge. I understand she recently recieved this letter from St. Louis. I suggest you look into this matter.

God Bless You! "

This note would give the impression that somehow one of [redacted] close friends, probably a minister, obtained a copy of the letter and made it available to [redacted]. The above material is to be mailed by the Springfield Division at Cairo, Ill., anonymously in a suitable envelope with no return address to:

[redacted]
Although [redacted] is now living in E. St. Louis, Ill., he did use the above address when arrested in St. Louis in Jan., 1969, and it was printed in local newspapers. Mail will reach him at the above address since it is the residence of [redacted] a close associate of his.

SL: 157-5818

ANTICIPATED RESULTS:

The following results are anticipated following the execution of the above-counter-intelligence activity:

1. Ill feeling and possibly a lasting distrust will be brought about between [REDACTED] The concern over what to do about it may detract from his time spent in the plots and plans of the SNCC. He may even decide to spend more time with his wife and children and less time in Black Nationalist activity.
2. The Black Liberators will waste a great deal of time trying to discover the writer of the letter. It is possible that their not-too subtle investigation will lose present members and alienate potential ones.
3. Inasmuch as Black Liberator strength is ebbing at its lowest level, this action may well be the "death-blow."

RECOMMENDATION:

Bureau authority is requested to initiate the above-described activity.

Sister [redacted]

Us Black Librators are tried to respect Black Women and special are wives and girls. Brother [redacted] keeps telling the Brothers this but he don't treat you that way. Based on data furnished by St. Louis, it appears this separation is due to [REDACTED] organization work among black extremists and not because of marital discord, however, it is known [REDACTED] has had extramarital affairs.

There have been no counterintelligence programs or operations developed by the Buffalo Division during the past three-month period.

The black nationalist organizations, as set forth in referenced Buffalo letter, are essentially unchanged and Agents being responsible for captioned program are continually vigilant for opportunities to effect some form of counterintelligence. It is pointed out that the racial situation of the Buffalo Division continues to be tranquil and no counterintelligence programs have been presented.

In connection with the Nation of Islam (NOI) as reported in referenced Buffalo letter, a careful watch was made in connection with the finances of [REDACTED] which would have likely placed him in a compromising position, however, the situation has given little concern to membership at MM 23 and they accept his financial problem with blind obedience.

In connection with the Black Panther Party (BPP), Rochester, New York, the development of this chapter remains unchanged. A majority of the BPP members at Rochester have been identified and pursuant to a target interview program, a substantial number of these persons have been interviewed. Interviews have had a disturbing influence on the membership and organizational activities.

Succinct summary of Black Nationalist Movement in Indianapolis Division:

A. Nation of Islam (NOI)

Since the last letter the NOI of the Indianapolis Office has remained fairly stable in membership neither gaining nor losing an appreciable amount of members. The NOI has approximately 140 persons attending meetings, at a total of seven temples or mosques. There are two mosques which are located in South Bend and Gary, Indiana, mosques number 31 and 33 respectively. South Bend remains the largest with about 50 members, Gary having about 45 members. There are temples located at Evansville, Fort Wayne, Muncie, Indianapolis, and East Chicago, Indiana, which continue to struggle for existence.

No violence had been caused or proposed by members of the NOI in the Indianapolis Division, however the possibility always is present. All of the groups in Indiana adhere to the teachings of ELIJAH MUHAMMAD, their leader.

In February or March, 1968, RAP received a grant from the Episcopal Church in New York City for \$47,000.00. The payments were made to RAP in quarterly payments with the last payment being received 1/31/69, for \$11,840.00 which was deposited in their account. At present it is not known if they will receive funds from some other source after the above has been spent or if the organization will be closed down for lack of funds. The bookstore owned by RAP is not yet making a profit and able to stand in on its own, but requires funds from RAP to help it to continue to operate, so they will not be able to rely on it for funds.

RAP has been operating legally in the past and has tried to establish Negro owned businesses and help Negroes to find employment. They also have taken a strong position in opposition to police harassment and brutality and frequently approach the police department with complaints when any member of any of the black organizations is arrested. Estimated membership is about twenty active members. RAP has not been considered to pose a threat of violence to the community but if their funds stop they may become a possible threat.

C. Black Panther Party (BPP)

The BPP is the most active organization, or has been in the past several months, operating from their headquarters at 113 West 30th Street, Indianapolis. The [REDACTED]

[REDACTED] They presently have between fifteen and twenty active members with about fifty persons who are reportedly connected with the BPP. [REDACTED]

[REDACTED] However both [REDACTED] have been doing more speaking for the BPP in recent weeks. [REDACTED] has had less to say but still is apparently in charge.

In the last two weeks the BPP has been concentrating on two high schools in Indianapolis with predominantly or almost total Negro students in attempts to get them to strike. They have been unsuccessful in their attempts but they have on several occasions possibly had a part in getting the students and faculty stirred up by passing out literature, and asking to speak to the students.

All activities of the BPP are followed in a bi-weekly letter.

D. Afro-American Student Association (AAASA)

The Afro-American Student Association continues to exist at Indiana University, Bloomington, Indiana, and at Notre Dame University, South Bend, Indiana. However the organization has not engaged in any activities at either university since last letter. They have made no demands of the universities or issued any statements as an organization since last letter. These groups are being followed closely in the event they do become active.

1. Operations Under Consideration

Plans to interview all members of black extremist organizations even though they are not active are being considered, which it is felt may produce information of value and possibly help in the development of informants. Prior to this only active members have been considered for interview. It is felt that this also may particularly effect the BPP in driving some of the more inactive members away and causing the BPP leaders some fear.

2. Operations Being Effectuated

Attempts to interview active members of the BPP have been made in addition to active members of the other black extremist organizations. Through these interviews with other groups valuable information has been gained even though the person being interviewed did not know he was furnishing information of value. In addition in the BPP one of the officers was interviewed and developed as an informant and he furnished information concerning his trip to the National BPP Retreat held in Oakland, California in November, 1968. All possibilities to use informants to gain information leading to arrest of members is being utilized as well as in any other areas of counterintelligence.

IP 157-761

3. Tangible Results

The black extremist groups in the Indianapolis Division to date have not been united or have not become sufficiently strong to cause any major incidents or disturbances. Although the possibility is ever present no violence has been encountered from these groups.

4. Developments of Counterintelligence Interest

None, other than the development of informant who was officer of the BPP through interview as mentioned above.

All arrests of members of the BPP continue to be followed, looking for violations of Anti-Riot and gun control laws to determine if any of these individuals might be prosecuted under federal and state laws.

Accomplishments Obtained

There have been no reactions to the operations now in effect reported by sources in the Los Angeles Office.

In referenced Bureau letter dated 2/20/69, the Bureau requested the affect films of the BPP are having on high school students and reception they are being given by faculty members. The following information is set forth:

[REDACTED], who is a [REDACTED] and teaches electronics at MHS, telephonically advised on 1/8/69, that he was in possession of a mimeographed announcement to all faculty members from the Manual Human Relations Committee, which stated that a 35-minute film entitled "Huey Newton's Birthday" was to be shown at MHS at 4:00 P.M. 1/9/69. The committee urged each teacher to attend. [REDACTED] stated he understood the film was to be shown to interested students at 4:00 P.M. in the school auditorium on 1/10/69, for the fee of 35¢. He also understood members of the BPP would be present at both sessions to answer any questions the audience might have. A Xerox copy of the announcement is attached to this letter.

that only five Negro teenagers attended the showing of the above film; however, several faculty members attended the showing. [REDACTED] felt this was due more out of curiosity than actual interest in the BPP.

This is one of the many showings of the BPP films in the Denver area in both high schools and junior high schools, in addition to colleges and universities in Colorado. According to [REDACTED] the film has been well received by both Negro and white students and faculty, namely at the college level. An example is the [REDACTED] for showing the film at the "Black Awareness Week", conducted at Colorado University and Temple Buell College, Denver, Colorado, during the week of 2/10-14/69. [REDACTED] stated that sometimes the film was shown to audiences free of charge, but the BPP obtained donations after the showing, which again shows the film was well received.

[REDACTED] said the BPP films have since been returned to BPP Headquarters in San Francisco, California; however, requests are still being received to show these films to various groups in Denver.

Referenced Bureau letter dated 1/23/69, advised Denver from the counterintelligence proposal dated 1/2/69, that the Bureau is currently following Denver's suggestion which had been previously proposed from the field. To date Denver has not received material from the Bureau to be distributed showing the true intent of the BPP. The best opportunity to distribute this material would have been while the BPP film was being shown in the Denver Division. Not once during the showing of the BPP film was anything said regarding the true intent of the BPP or the criminal backgrounds of the BPP leaders. The Bureau is requested to expedite this counterintelligence technique.

Denver has no new counterintelligence proposal at this time.

FOR ALL FACULTY MEMBERS

FROM THE HUMAN RELATIONS COMMITTEE

On Thursday, January 9, The Human Relations Committee is sponsoring the showing of a 35 minute film entitled, HUEY NEWTON'S BIRTHDAY. It will be shown at 4:00PM in the auditorium.

Perhaps some of you are familiar with Huey Newton. He is one of the founders of the Black Panther Party, and the film is a narrative that depicts the goals, concepts, and programs of the Black Panthers. You may be asking yourself by now, "So what?"

The Black Panther organization is indeed a vital part of the Black community in nearly every major city in America, including Denver. Many people, including teachers, dismiss them as hate and fear mongers and refuse to accept the fact that they are now and will continue to be, an organization that influences thoughts and actions of both White and Black America. We believe that no teacher in a predominantly Black school like Manual can afford to miss this film which provides insights into the organization and its members. The film was secured through the Black Panthers, and there is a small fee for its use. We hope you will donate a small offering to cover the cost. However, don't stay away because you don't have any small change.!

The film will be shown to students on Friday in the auditorium at 4:00PM for a fee of 35¢.

For your information the Bureau is currently preparing a compendium of facts concerning the criminal backgrounds and activities of the Black Panther Party (BPP) and its members. It is the Bureau's intention to widely distribute this material on a national level by furnishing it to friendly news sources on a strictly confidential basis.

It is felt that the above should have a more profound impact on the public than locally distributed background information concerning the BPP. However, if you are of the opinion that public source material concerning the BPP in the Denver Division can be incorporated into a pamphlet, as you previously suggested, and distributed locally without tracing the source to the FBI, you may resubmit your recommendation in this regard. Boston is considering reproducing the article which appeared in "The Crisis" NAACP magazine issue of November, 1968, a copy of which was furnished Boston by rcairtel dated 1/7/69. Boston contemplates mailing the reproductions to approximately 70 persons whose names appear on a mailing list of prominent black people in the Boston area which list was compiled by Boston. Among these is the editor of the Bay State Banner, a Negro newspaper published in Roxbury, Mass. The reproductions would be set out as the work of a fictitious black organization known as Black Americans for America (BAM) or a similar name.

Number One shows [redacted] with a list containing the [redacted] which have been crossed off. The names of SEALE and WALLACE remain on his list.

Number Two indicates that BOBBY SEALE is simply [redacted] and is in complete control of all factions of the BPP. This is a sensitive area since it is reported that many local BPP leaders feel that they are more qualified to control their own groups than is SEALE.

Number Three suggests that possibly SEALE is himself a "police agent" and, in addition to demanding substantial amounts of money from the local BPP membership, is also passing information on to local police authorities. This caricature is aimed at BOBBY SEALE's announced program of purging the BPP of informants.

Number Four attacks a very sensitive point among BPP members in that there is a prevalent feeling that the individual member chapters are being exploited by SEALE. The drawing depicts SEALE extracting his 50% from the local BPP chapters and in effect returning them to a subservient role within the BPP framework.

Number Five [redacted] who is [redacted] as being a "paper tiger." It is felt that the paper tiger terminology is in keeping with the BPP's espousment of MAO TSE TUNG's teachings.

The cartoons will be mailed anonymously one at a time, one week apart. Five copies of each cartoon will be sent to BPP offices on a weekly basis.

The Bureau indicated in referenced airtel that the resident addresses of local BPP leaders should be obtained from the BPP newspaper. A complete review of BPP newspapers available to the San Diego Division has failed to reveal any resident addresses of any BPP member. Therefore, the following information is being requested of each receiving office:

Provided it will no way jeopardize informants, each office is requested to furnish San Diego the names and home addresses of the five most prominent leaders or a suitable substitute of the local BPP in your area. Each office is additionally requested to furnish the address of the respective BPP headquarters in your Division.

ReMplet 12/2/68 captioned as above and Mplet 2/18/69 captioned as above with additional title "BLACK PANTHER PARTY (BPP)."

Since Minneapolis letter of 12/2/68 there has been no racially-oriented violence in the Twin Cities, Minnesota, area, where practically all Negroes in this Division reside, with the following exception: In January, 1969, there was a one-day take-over of the Administration Building at the University of Minnesota, Minneapolis, by the Afro-American Action Committee, a University of Minnesota-approved campus organization. This take-over was to present demands on the University generally for the purposes of setting up Afro-American courses and obtaining more scholarships for minority races. This demonstration ended with the intervention by the police and the University agreed to meet most of the demands. Sources to this point have indicated no program on the part of this group to incite racial violence.

As of this writing, there are no active Black Nationalist hate groups operating in the Minneapolis Division except the Nation of Islam, whose membership remains constant and which group has not been involved in any local racial disturbances. As mentioned in Mplet 2/18/69, there has been an effort on the part of two individuals who attended the Black Panther Party retreat in California in November, 1968, to establish a chapter of the Black Panther Party in Minneapolis. As of this date, there has been no information developed that such a chapter does exist. Minneapolis has close informant coverage in the Negro community and will continue to follow closely the activity of the few militants in the Division who might possibly be involved in organizing a Black Panther Party.

Detroit believes that an effective means of combating the Black Panther Party (BPP) in Detroit or any other city that has a BPP still in the infant stage, would be to create resentment against the BPP in black neighborhoods and destroy any good reputation or image that the BPP is trying to develop.

Detroit believes that a successful approach to this would be mailing letters to numerous black businesses in black neighborhoods demanding financial support for the BPP and indicating that any refusal could result in an accident to the place of business. This letter would infer something similar to the selling of protection. The letter would carry the BPP insignia and bear the "Michigan Black Panther Party" letterhead. The letter would not be signed by any individual and would contain no BPP address, but would indicate that a BPP representative would contact the business shortly.

Detroit believes that such a letter, if distributed widely, would receive publicity in local newspapers, thus alarming the responsible black neighborhoods in Detroit to the techniques of the BPP and in turn creating a bad image.

The majority of the Negro students are members of the National Association for the Advancement of Colored People (NAACP), which operates a Chapter at Ferris State College (FSC) and is a recognized campus organization.

"Dear _____

"Is Ferris State going to turn into another San Francisco State mess? Where is the support for _____ Does the school have to be destroyed and people severely injured because of student violence before this situation is cleared up.

"Let's start moving on this thing right now before it gets bigger. [REDACTED] has stated no racial discrimination was involved in the mass arrest of 263 Negro students. He further said the principle involved is simple and clear. He stated as follows: "It's that no group of students, black or white, can take the law into their own hands for whatever rationalized purpose and deliberately flout or break the law'. This is pretty clear to me the way the President summed it up.

"As a parent of one of the students at Ferris State I want my son to get an education and I don't care to see him getting beat up in the process when he would only be an innocent bystander by some of these violent students who are illegally protesting.

"I write this letter as a concerned parent and I am sure there are hundreds more who feel like I do. So let's have our Government leaders, politicians, and responsible Civic leaders get behind President Spathelf and let him know that we support him in what he is doing for the good of all the students in the school.

NOTE:

Ferris State College, Big Rapids, Michigan, has been the scene of recent student disturbances. Two-hundred and sixty-three Negro students were arrested during these disturbances. Detroit recommends a letter, signed by a fictitious parent, be sent the president of the college and state officials, including the Governor, urging support for the college president's firm stand against violence. Since this is a fictitious name letter, there is no possibility of embarrassment to the Bureau.

[REDACTED]
[REDACTED] a Detroit based weekly newspaper which caters to a minority group.

Based on [REDACTED] activities, he would have to be considered as an influential figure in the area of black nationalist activities in Detroit.

The above-mentioned comments regarding [REDACTED] suspicion of subject being an FBI informant, currently points out that this is a most desirable situation for counterintelligence. As a counterintelligence measure, Detroit proposes the following anonymous letter be sent to SNCC Headquarters, Atlanta, Georgia, with a postmark of Inkster, Michigan, a heavily populated Negro community:

"Dear Bro.

"I see this cop loving nigger meeting around the Wayne State campus quite a bit lately. It would surprise me none if he ain't feeding information to those racist Feds, those pigs who wear the white shirts and hats. Something else about this fancy talking nigger is all the bills he carries around. Where does he get all the green stuff when he ain't got no big paying job. He used to talk to me about SNICK action but now it looks like he is giving those honky cops stuff about us blacks. Do something about this electric nigger who the Establishment turns on and off when it wants.

"A Soul Bro."

The comments of Atlanta are requested concerning the advisability of this letter. This letter will be prepared in longhand with several spelling and grammatical errors. The letter will be prepared on locally purchased commercial stationery and mailed in a locally purchased, stamped envelope. Every precaution will be taken to see that the letter cannot be traced back to the Bureau.

It is believed that this counterintelligence technique could render great harm to the subject's reputation and standing in the black nationalist community. Further it could cause dissension between him, Detroit SNCC leaders and the BPP. Further it is conceivable that if the information utilized in this technique got back to the "Michigan Chronicle", he could lose his job with this publication.

No action will be taken in this counterintelligence technique pending receipt of Bureau authority. The Bureau will be advised of any tangible results.

NOTE:

Detroit recommends an anonymous letter be sent to the headquarters of the Student Nonviolent Coordinating Committee (SNCC) implying [REDACTED] is an informant. Atlanta received a copy of relet with a request for Atlanta's comments since the anonymous letter is being sent there. Thus, authority for this technique is contingent on Atlanta raising no objection based on the local situation.

Most Honorable Elijah Muhammad

I am a Muslim woman. For more than a year I have been faithful to the word of Allah as revealed by you his holy messenger. It is by the teachings of Allah that I know I am one of the chosen people. I am no ones servant no longer.

Each and every time I go with my husband to the Mosque in Miami and we pays as much as we can. I try to helpus save so we can help you with your work. I know now that only as a MUSLIM will I be saved when we comes to the judgement day. This is why I write to you now and hope I will not be a lost soul forever for what I have done. I have not told my husband because I am afraid he will kill me or the minister if he finds out. But every time I go with him to the Mosque and the minister is there I want to stand up and tell every body there that I am a lost woman because there is no hope for me that Allah knows what I have done

I must know if you will guide me because I now know [REDACTED] is a bad man. He told me my husband was bad for me because he was not like a true man should be and that I was chosen by Allah to be a leader of Muslim women. Then he said he would not let my husband in the Mosque if I wasnt his wife and that is only why h can come because I was chosen. And he said Allah would like us together because my husband was not chosen by Allah like him and if I got a child from him Allah would smile on it like it was his own son.

But now I know it was all lies because my husband is a good man who believes in You and Allah as much as me. And he is clean and has not done wrong like me. And if it was like the minister says that Allah would smile on us why dd I feel so bad and want to die? I know that Allah knows but I want You to know he has lied to me and maybe others. If I am lost please do something for them so they can live as they must. I will always be true to the word of Allah from now on. I will pray for a message from you.

II. - OPERATIONS BEING EFFECTED

Evaluations of the arrest of five BPP members in Los Angeles on 1/24/69, are still being made. Tangible results thus far observed appear in the following section of this letter.

An anonymous telephone call was placed to the parents of [REDACTED] concerning her pregnancy. Some results have been noted and appear in the following section of this letter.

Facts concerning [REDACTED] involvement with a girl who has not yet reached her majority has been made available to the San Diego County Probation Office.

this time the [REDACTED]
[REDACTED] concerning the [REDACTED]
[REDACTED] in the interview. Additional information concerning
this speech is contained in the administrative section of
this letter.

III. TANGIBLE RESULTS

When [REDACTED] returned to San Diego on 2/7/69 after his [REDACTED] he found [REDACTED] he became extremely upset with [REDACTED] and, according to [REDACTED] internal dissension is very evident among the leaders of the BPP in San Diego at the present time.

As a result of [REDACTED] arrest in Los Angeles on 1/24/69, his being armed at the time of his arrest, and his involvement with a girl who has not yet reached her majority, he is currently facing imprisonment for a period of two to ten years, as a result of probation revocation proceedings. [REDACTED] advised that [REDACTED] has hired a "very expensive attorney" and if it is indicated to [REDACTED] that he will be sent to prison under the above proceedings, he will undoubtedly flee.

An anonymous telephone call was placed to the [redacted] authorized in Bureau letter to San Diego 1/30/69. The call showed concern for [redacted] welfare due to a lack of funds available to [redacted] who was [redacted]

[redacted] The parents showed extreme concern over a previously unknown situation. The immediate result was that [redacted] was forced to return home to live. The call was also beneficial from the standpoint that many people now know throughout the Negro community that [redacted] a BPP leader, is responsible for the difficulty being experienced by [redacted] This has taken on added significance due to the fact that, according [redacted]

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

Internal dissension in the BPP in San Diego appears to be increasing on almost a daily basis. This appears to be attributable to a major degree to the authorized counterintelligence activities being utilized by the San Diego Office. The BPP members are currently in a state of confusion and feel that no one within the party, including the leadership, is any longer trustworthy.

V. ADMINISTRATIVE

For the information of the Bureau, the television interview of [redacted], appears in the last half of side one of the enclosed tape cassette along with the first portion of side two.

It is requested that the enclosed tape be brought to the personal attention of [redacted] who has expressed a specific interest in this particular tape.

The Bureau is also requested to review the tape in the light of possible utilization in the counterintelligence and racial briefing programs of other divisions. It is felt that the interview of a BPP leader who describes the BPP as being armed, having an army, being anti-capitalist, being pro-Chinese communist, and advocating a bloody revolution, would be of particular value to the west coast offices. It is also felt that it would be of value to the Chicago Division in view of

their recent intensification of BPP problems. Possible uses of the tape could be in the playing for Negro businessmen meetings, racial briefings for local law enforcement, and, possibly, through airing of select television and/or radio networks.

L // If the Bureau concurs, it is requested that the Laboratory Division prepare sufficient copies of the tape and distribute such copies to the appropriate offices.

 (BLACK PANTHER PARTY)

With reference to the incipient Black Panther Party (BPP) organization at Washington, D.C. (WDC), WFO has been following a general policy of establishing contact with BPP members or prospective members within a reasonably short time after they have been identified as such. The following is a brief analysis of the results of this policy to date.

The two organizing leaders of the group, [REDACTED] [REDACTED] respectively, of the BPP, WDC have been interviewed by SAs of the WFO. It is considered that these interviews have served to:

(1) Determine that these individuals are, in fact, generally militant in attitude and hostile to law enforcement.

No information has been received since submission of re letter that the two chapters of the BPP located in the Omaha Division at Omaha, Nebraska, and Des Moines, Iowa, have held regular meetings or been involved in any activity as a group. As indicated in re letter, a former lieutenant in the Omaha chapter of the BPP considered this chapter to be almost out of existence.

No counterintelligence accomplishments under captioned program have been obtained during the past two-week period and because of the inactivity of the two chapters in the division, it is not felt that intelligent recommendations can presently be made concerning counterintelligence measures aimed at crippling this organization.

This matter will continue to receive close attention and any suggestions for counterintelligence activity at a future date against the BPP or its leadership will be submitted by separate letter.

In the latter part of January, 1969, three individuals, residents of the Milwaukee area, took initial steps to form a Black Panthers chapter in this area. Investigation to date reflects that these individuals are attempting to organize a BPP group through their own initiative for a later affiliation with the national organization.

Milwaukee has initiated a vigorous and aggressive investigation of the chapter and its known officers, and it is anticipated that in the immediate future a counterintelligence program will be adopted in an effort to curtail the growth of the BPP in this area. P

Re Indianapolis letter to Bureau dated 2/24/69.

In April, 1968 through June, 1968 several individuals formed a group in Indianapolis, Indiana, and called themselves the Black Panthers, although they were not affiliated in any way with the nationally known Black Panther Party. In June, 1968 they were arrested when attempting to burglarize the U. S. Marine Corps Reserve Training Center, in Indianapolis in an attempt to obtain weapons. Since that arrest however, the Black Panther Party Chapter in Indianapolis affiliated with national organization was formed. It has supported the individuals arrested and had several fund raising projects to obtain funds for their defense. Last week, in March, 1969, FBI agents testified in local case against individuals who were arrested last June, and in addition a former informant of the Indianapolis Office testified. Three persons have been in jail since June, 1968, and two were found guilty of burglary, and sentenced two to fourteen years, as a result of informant's and agents testifying. In addition to the burglary charge the subjects were acquitted on a conspiracy to commit murder charge in which they had discussed possible plans to murder the chief of police in Indianapolis, and another officer of the Indianapolis Police Department.

Further possibilities to disrupt BPP activities and plans through informants and possible arrest by local authorities will be watched for, and utilized whenever possible.

The following counterintelligence recommendations are being submitted to the Bureau for consideration under captioned program:

1. As the Bureau is aware, investigation at Syracuse, N. Y., has disclosed that the United Black Brothers are being funded, in part, by the Syracuse Area Council of Churches, who are apparently unaware of the criminal element within the United Black Brothers organization. The current [REDACTED]

3. Investigation at Syracuse, N. Y., has disclosed that there are presently 8 members of the United Black Brothers organization who are recipients of monthly welfare payments. ReBulet to Albany, 1/30/69.

Pursuant to instructions in referenced letter, Buffalo has given consideration to various counterintelligence measures which might possibly be applied to the Black Panther Party (BPP) chapter recently established in Rochester, N.Y. It is desired to point out that this chapter is presently highly disorganized, is made up of very few members, and has no funds with which to operate. It lacks any kind of leadership against whom a planned counterintelligence project could be operated.

The Buffalo Office has conducted a series of interviews of known members of the Rochester chapter of BPP, and extremely close liaison is maintained with the Rochester PD, Special Intelligence Unit, in connection with the BPP. The latter unit has kept a close watch on the activities of this chapter, and the interviews are believed to have effectively kept this chapter off balance during its formative stages.

The above chapter has surrendered its headquarters at 400 Joseph Avenue, Rochester, having rented this space in October, 1968, and failed to pay any rent since November 1, 1968. They are presently seeking a new headquarters but have not thus far been successful. Consideration has been given to calling attention to members of this chapter the various acts of financial mismanagement on the part of some of the top leaders of the BPP, including KATHERINE CLEAVER, wife of LEROY ELDRIDGE CLEAVER, who appeared with the latter at the time he gave a

It is felt, at this time, that the present disorganized and bankrupt state of the Rochester BPP chapter is such as to mitigate any real effect of spreading a rumor about the conduct of national officers because this chapter appears to be very remotely connected and/or interested in the actions of the more highly placed BPP leaders. This suggested counterintelligence move will be kept under consideration for future use if this chapter becomes more formally organized.

The inactive status of the Rochester BPP chapter at this time does not seem to present any effective counterintelligence operation. Buffalo will continue to follow this matter very closely and will keep the Bureau advised of its recommendations.

Re Chicago letter dated 2/25/69, above caption.

As in referenced letter, developments within the local Black Panther Party (BPP) have been reviewed from the standpoint of the formulation of an effective counter-intelligence device.

Based on information which has been obtained since referenced letter, a productive counter-intelligence opportunity has not presented itself.

No tangible results have been reported by Chicago sources relative to previous Chicago counter-intelligence suggestions regarding the BPP.

The Bureau has been previously advised under this caption of the [REDACTED] on a mob action warrant from Maywood, Illinois, the arrest having been effected as a result of the alertness of [REDACTED] and information provided [REDACTED] trial, in Maywood, has since been held and he has been found innocent of these charges.

Since referenced letter Chicago has also advised local police authorities, specifically the Gang Intelligence Unit, Chicago Police Department, of the violation of the terms of his local probation by a local Black Panther officer, in that he was arrested in Springfield, Illinois, in February, 1968. The information was also provided to probation authorities, however, in neither instance was there any interest expressed in pursuing this matter by local authorities.

Chicago will remain alert to various facets of local BPP activities, and where a suitable opportunity presents itself, an appropriate communication will be forthcoming.

[REDACTED]
[REDACTED] was formerly employed by "The Detroit News" as a "jumper". He was separated from this employment by "The Detroit News" approximately ten days ago due to an unauthorized absence and left in what [REDACTED] termed as a "bad frame of mind". [REDACTED] advised that on 3/10/69 the head of the Labor Relations Department of "The Detroit News" received an unsigned letter indicating that a black revolutionary union had been formed among employees of the newspaper and would begin protesting alleged racism on the staff of the newspaper. The letter further set forth a number of instances of this alleged racism occurring at the newspaper. This letter appeared to be postmarked on 3/7/69.

[REDACTED] further advised that it was his personal opinion this group would be a counterpart of the "Dodge Revolutionary Union Movement (DRUM)" currently plaguing the Chrysler Corporation in the Detroit area. [REDACTED] offered that he would cooperate fully with the Bureau in any manner so desired by the Bureau.

A xerox copy of the above-mentioned letter is attached.

Detroit in the past has experienced an extremely favorable relationship with [REDACTED]. During April, 1967, [REDACTED] was responsible for publishing a series of articles relating to the United Klans of America, Inc. activities in the Detroit area, which materially lessened the Klan's effectiveness in the Detroit area. The Detroit Office, with the permission of the Bureau, assisted [REDACTED] by furnishing him information regarding the United Klans of America, Inc. which he included in his series of articles.

DE 157-3214

Detroit will be alert for possible future counterintelligence techniques through the utilization of those sources mentioned above in the hope of furnishing information to the "News" which may have a disruptive effect on and lessen Black Nationalist influence in the Detroit area.

Consideration is being afforded this matter at the present time toward developing effective counterintelligence techniques against the LRBW. No action will be taken by Detroit without first apprising the Bureau of techniques proposed and receipt of Bureau approval for the implementation of these techniques.

Mr. Hildebrand: labor relations Detroit News

Let it be resolved,

In as much as we have evidence of individual complaints, and broad patterns of racism, and discrimination; in as much as this said racism, and discrimination was enacted by the employer; in as much as this said racism, and discrimination was enacted by the employees against other employees with the knowledge and in some cases in connivance with the lackeys of the employer; and in as much as this said racism, and discrimination has manifested its self into acts of physical violence, personal malice, and oppression thereof, toward black people and other minority groups, there is now in existence a News Revolutionary Union Movement.

This movement will:

1. fight racism by the employer, and document those acts
2. fight racism by the employees, and document those acts
3. move to have supervisory, and managerial positions open to black people and other minority groups, starting with the circulation dept. and working on up
4. fighting violations of civil rights, and national labor relation laws
5. fight white racism

Finally, the News Revolutionary Union Movement is a coalition of Black, and white workers, who have dedicated themselves to fight white racism, and unfair labor practices by any means necessary.

Prior to this he had been arrested, then released, by the San Francisco Police Department on charges of robbery and attempted murder in November, 1968. Although only a technical violation, an alert Agent of this office called this to the attention of the California Parole Board. This action is considered highly desirable inasmuch as [REDACTED] is constantly involved with firearms and membership in the NRA may possibly lend an air of legitimacy to these activities.

(3) Tangible Results

As a result of information made available to an established contact at the "Pittsburgh Press," concerning [REDACTED] mentioned above, an article appeared in that newspaper on [REDACTED] in an unfavorable light.

(4) Developments of Counterintelligence Interests

As is being experienced on a nationwide basis, racial agitational activities in the Pittsburgh area are presently being conducted for the most part in schools, both high schools and colleges. Two high schools in the Pittsburgh area have recently experienced racial outbreaks and there have been short takeovers of property at two colleges in Pittsburgh by black students, during the current academic year.

As a result of these activities, the Pennsylvania State Legislature is presently considering a bill to increase the penalties for such takeovers of schools by students.

PG 100-15780

The present indication is that the Legislature will probably pass the law, however, there is strong indication that it will be vetoed by the Pennsylvania Governor. It also noted that the bill is generally opposed by academic leaders as an infringement of academic freedom.

There are presently two black student organizations on college campuses in the Pittsburgh area: The Black Action Society at the University of Pittsburgh and the Black League of Afro-American Culture at the Allegheny Community College, Pittsburgh. The activities of both of these organizations are being considered from a counter-intelligence standpoint and any recommendations for specific action against either organization will be submitted to the Bureau by separate letter.

There have been no further significant changes in the overall Black Nationalist movement in the Pittsburgh area since the submission of referenced Pittsburgh letter.

RACIAL INTELLIGENCE (BLACK PANTHER PARTY)

Re Boston airtel to Bureau, 1/17/69.

The Boston Office contemplates the setting up of a "paper" organization, under a suitable name, which will keep the responsible Negro ghetto community ostensibly informed of activities of the Black Panther Party, Boston (BPP-B), whose activities are undermining and damaging the Negro community as a whole. This "paper" organization will operate through a blind post office box with suitable security measures taken, through which anonymous mailings will be made to selective Negro businessmen and responsible Negro citizens in the ghetto area. These mailings will include posters, which can be posted up, and which will contain selective information concerning the activities of the BPP-B which will be designed to arouse animosity of the responsible Negro community against the BPP-B.

In this connection it is noted that recently a

[REDACTED] reported that many of his Negro customers have been complaining of housebreaks at residences in Roxbury, as well as purse snatchings. According to the source, the homes of these Negroes are being looted of television sets and other expensive appliances; most of these victims are regularly employed Negroes who resent these raids by other Negroes.

It is known in the Roxbury area that the BPP-B is in need of funds. Boston racial sources have recently reported that the BPP-B is destitute for funds and that their only known source of income is that which they can obtain through petty robberies, purse snatchings, and the like.

It was reported on Page 17 in the February 2, 1969 issue of "The Black Panther", official newspaper of the BPP, that [REDACTED]

[REDACTED] were arrested on 1/21/69 for purse snatching, possession of marijuana and receiving stolen goods. The Intelligence Unit of the Boston Police Department has advised that these charges have been dismissed. Further, the Office of Exodus, a responsible agency located in the ghetto which is engaged in busing young Negro students to white community schools, was burglarized recently of expensive office equipment, including several IBM typewriters and/or adding machines. [REDACTED] reported that [REDACTED] for the purpose of furnishing this equipment to the BPP National Office in Berkeley, California in connection with a BPP national program called "Operation Stack-up".

It is information of the nature outlined above which Boston contemplates will be included in the anonymous mailings, if the Bureau would entertain such an idea.

Before proceeding with this program, the Bureau's comments are being solicited at this time.

Reurlet 3/13/69.

The Bureau is receptive to your counterintelligence suggestions contained in relet.

Further expand on your ideas by furnishing the Bureau with a suitable cover name for the "paper" organization and specific proposals concerning the type of information (posters, newspaper articles, et cetera) which you desire to utilize in the mailings.

The Bureau does not feel that a blind post office box will be necessary in order to make the anonymous mailings.

You should take no action to implement the above without obtaining prior Bureau authority to do so.

NOTE:

In relet Boston advised that it is contemplating the establishment of a "paper" organization through which anonymous mailings can keep reputable Negroes advised of the activities of the Black Panther Party (BPP) in undermining and damaging the Negro community as a whole. Boston suggests the "paper" organization be operated through a blind post office box. The anonymous mailings will contain newspaper articles and other information showing that the BPP raises money through illegal activities and crimes perpetrated upon ghetto residences. This is a good idea, however, Boston has not furnished sufficient facts and/or details in order to consider implementation of its suggestion.

I. OPERATIONS UNDER CONSIDERATION

At the present time there are three proposals awaiting Bureau evaluation. Two of these involve the placing of anonymous telephone calls and the third concerns a protest to the attorney representing the San Diego City Unified School District.

In addition, due to the favorable results thus far observed concerning the mailing of cartoons to Black Panther Party (BPP) members, additional cartoons are being prepared. Upon completion they will be mailed to the Bureau for evaluation.

Due to the recent seizure of what appears to be the complete records of the BPP in San Diego, additional requests, as the results of the review of these records, are anticipated.

Information has also been received that DAVID HILLIARD, Chief of Staff, BPP, San Francisco, has ordered

would be effective due to the fact that [REDACTED] is one individual who was mentioned as being suspect of the mailing of the first cartoon concerning [REDACTED]

II. OPERATIONS BEING EFFECTED

The first of the five Bureau authorized cartoons has been mailed and the second is currently being prepared for mailing. Reactions from the San Diego area are just beginning to come in and will appear in Section III of this letter. Repercussions are still being noted concerning [REDACTED] confrontation by [REDACTED]. Attempts are still being made by the California State Attorney General's office to have [REDACTED] parole revoked and this situation is being very closely followed.

III. TANGIBLE RESULTS

On 3/5/69, [REDACTED] was returned to Chino Prison to begin serving a one to five year sentence. The Los Angeles Police Department was advised of the sentence and immediately placed a hold against [REDACTED] stemming out of his 1/24/69 arrest in that city. This hold will preclude [REDACTED] being sent to an honor farm or released on parole prior to the completion of his entire sentence.

A felony warrant charging [REDACTED] with being a convicted felon in possession of a firearm, was obtained at Los Angeles by the San Diego office of the State Attorney General on 3/7/69. This warrant was obtained as a direct result of [REDACTED] having been arrested in Los Angeles on 1/24/69 on information furnished through the Counterintelligence Program concerning the fact that the Black Panthers were travelling to Los Angeles and were armed.

On 3/10/69 [REDACTED] was arrested by the warrant obtained by the State Attorney General's office with the assistance of the San Diego Police Department. In addition to the arrest of [REDACTED] an individual who has thus far been unidentified and who was in the house at the time, was arrested for possession of marijuana.

In addition, and of prime importance, is the fact that at the time of the arrest a briefcase was confiscated and determined to contain what appear to be the entire San Diego Branch of the BPP records. These records were apparently the property of [REDACTED] who has been staying at the [REDACTED] residence. The records were immediately made

available to the San Diego Office. A cursory review of the records reflect that notes of [REDACTED] and many other officers of the BPP are contained therein. These include private notes of [REDACTED] has had with other members of the party including [REDACTED] weekly reports submitted by BPP officers, lists of BPP officers in San Diego and numerous other cities, and letters exchanged between various BPP offices. As a result, the local San Diego authorities are presently seeking felony warrants for the arrest of [REDACTED]

At the present time the records are being very carefully reviewed and will be reported in the first BPP letterhead memorandum after completion of the review.

At the same time the felony warrant was obtained concerning [REDACTED] a misdemeanor warrant was obtained for [REDACTED] in connection with and as the result of his purchase of the [REDACTED] weapon found in [REDACTED] possession on 1/24/69. [REDACTED] has currently dropped out of sight but when he is located he will immediately be arrested by the San Diego Police Department. In the event San Diego Office receives any information concerning the current whereabouts of [REDACTED] this information will be immediately made available to the San Diego Police Department.

On 1/25/69, Bureau approved anonymous telephone call was placed to [REDACTED] accusing [REDACTED] On 3/5/69, [REDACTED] approached [REDACTED] the presence of several other BPP members and told [REDACTED] "We know that either you, [REDACTED] is a police agent and I can prove it." [REDACTED] at this time was disturbed to the point of visible shaking and replied, "Well then it's [REDACTED]"

Since that time [REDACTED] has not been seen in the San Diego area. Informants have been canvassed and believe [REDACTED] is in hiding since having been accused of being a police agent and believe he has gone to either the Los Angeles or San Francisco areas.

On 3/3/69, the first cartoon, that of [REDACTED] was mailed to five BPP members, one FOBP member, and two underground newspapers, all in the San Diego area.

[redacted] and stated that [redacted] continued that the cartoons created mass confusion and apprehension over who could have sent them. Some members accused [redacted] of having drawn and mailed them as a result of [redacted] close association with the white community. Others accused [redacted] of having drawn and mailed them due to the fact that he recently left the BPP and joined the US organization, coupled with the fact that [redacted] is a fair artist. [redacted] has also been mentioned as suspect but informants could furnish no specific reason for this suspicion.

There was also a brief discussion that the San Diego Police Department could have mailed the cartoons but this was dismissed because the police department would not like to see a direct confrontation between US and BPP. [redacted] also advised that the final consensus of opinion around BPP members is that the US organization is responsible and the cartoon depicts an attack of the BPP by US.

The BPP is presently conducting a vigorous "investigation" in an attempt to determine the source of the cartoons.

[redacted] stated that the members originally thought that the San Diego Police Department may have sent them out to provoke a confrontation between US and BPP. [redacted] continued that this idea was almost immediately abandoned and that the cartoon has the BPP members "completely paranoid." [redacted] continued that the members are "shook up" and "afraid." They feel that US is "ready to move against the panthers now."

[redacted] also stated that the Oakland and Los Angeles parties are completely disgusted with the San Diego Branch. Oakland reportedly sent a car from Oakland to San Diego and took back the machine gun which had formerly been given to the San Diego Branch along with "most of their rifles." The weapons were all taken back to Oakland. Both Los Angeles and Oakland are reportedly "completely" through with the San Diego Branch of the BPP.

[redacted] stating that the BPP in San Diego is now "one hell of a mess."

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

[REDACTED] is now openly campaigning for the job in San Diego. This development should present no particular problem due to the fact that [REDACTED] is a close friend and associate of [REDACTED].

It is believed [REDACTED] can be influenced and actually controlled through [REDACTED] in the event [REDACTED] is successful in taking over the party in San Diego.

[REDACTED] seems to be the most prominent of the younger group of BPP members in San Diego. His parents are reportedly opposed to the black militant movement and counterintelligence action is being contemplated to neutralize [REDACTED] through his parents before he becomes too effective.

[REDACTED] was reportedly seen in the company [REDACTED] at San Diego State College recently so it appears as though he is following [REDACTED] orders on "patching things up" with [REDACTED]. It appears as though this could be a last ditch effort to save the BPP at San Diego and [REDACTED] contacted [REDACTED] due to the fact that [REDACTED] is the only member left in San Diego with any leadership ability. This development is being closely followed and permission for appropriate counterintelligence action will be requested when an opportunity presents itself.

Re Albany letter to Bureau, 1/9/69, and Bureau airtel, 3/4/68.

The following information sets forth the summary of the Counterintelligence Program for the Albany Division as requested in referenced Bureau airtel:

1. Operations Under Consideration

The United Black Brothers of Syracuse has been established as a militant black nationalist organization in the Syracuse area posing under the public front of being a self-help organization for needy Negro men. A large portion of financial support from this organization is derived from the Syracuse Council of Churches. The Albany Division is considering approaching an established contact within the Syracuse Council of Churches and exposing the United Black Brothers as a black hate group in an effort to end the financial support being received from the Council of Churches.

The Albany Division is further contemplating the possibility of publicly exposing the United Black Brothers through the use of the "Herald Journal", a Syracuse, N. Y., daily newspaper in which there is an established source of the Albany Office. It is felt that discrediting articles regarding the United Black Brothers would bring this organization into public view to expose it as the hate group it actually is.

Investigation has revealed that various members of the United Black Brothers are on State Welfare and that a portion of these welfare checks are given to [REDACTED]

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE

Re Chicago letter (quarterly progress) dated 12/12/68.

Set forth hereinafter is the periodic progress letter concerning captioned matter, as directed in Bureau airtel March 4, 1968, under the captions as instructed:

1. Operations Under Consideration

Since the above referenced letter, Chicago has continued to closely follow local developments in the Black Nationalist field, with the development of effective counter-intelligence techniques constantly in mind. Although all facets of Black Nationalist activities and groups are so considered, the local Black Panther Party (BPP) chapter and its activities continue to receive particular attention. This is due to the admittedly violent and militant nature of the BPP, as well as the volatile nature of the individuals who compose both its leadership and membership.

Chicago is under Bureau instructions to submit on a two-week basis a counterintelligence proposal regarding the BPP, and since referenced letter a number of specific proposals have been submitted and approved. Chicago has prepared and mailed four separate anonymous communications, concerning [redacted] approved Bureau letter December 10, 1968), [redacted] approved Bureau letter January 30, 1969), [redacted] (approved Bureau letter January 30, 1969, and [redacted] (approved Bureau letter February 20, 1969.

Since referenced letter Chicago also has requested and received Bureau authority to utilize [redacted] counterintelligence activity directed against the Nation of Islam (NOI). [redacted] officials attended apparently [redacted]

and reported on their recent annual convention, and was the object of an attempt by an official of the NOI to force upon him \$1000 as a token of NOI appreciation of articles relative to the organization. The purpose of our previous contacts with [REDACTED] in this connection was to provide him with background information relative to the non-religious aspects of the NOI, its business ventures and financial dealings.

At the NOI convention, and subsequent thereto, NOI officials have made statements critical of MALCOLM X, describing him as an example, as one of "the worst enemies" of the Muslims, meaning by inference black people. A story regarding these attacks on MALCOLM at the convention was [REDACTED] and subsequently appeared in the "Tribune". [REDACTED] has since advised that the NOI attacks on MALCOLM have generally produced unfavorable results within the Negro community on the south side, particularly since the NOI in many quarters is still regarded as responsible for the death of MALCOLM.

Accordingly, Chicago will shortly submit, by separate communication, [REDACTED] Bureau authority to recontact [REDACTED] relative to possibilities of further exploiting the NOI attacks on MALCOLM, directed at further reflecting unfavorable reaction toward the NOI.

At present Chicago has no further specific counterintelligence proposals under consideration. Another letter regarding the BPP, however, is due for submission March 24, 1969.

2. Operations Being Effected and Tangible Results Obtained

Reference has previously been made to the specific counterintelligence actions initiated by Chicago. As yet no information has been received by Chicago reflecting tangible results of these actions.

A detailed analysis of the use of [REDACTED] was set forth in Chicago airtel of February 17, 1969. In short, it was noted that the NOI was shown publicly as more of a business than a religious group, and articles authored by him may have had the effect of rendering NOI officials vulnerable to robbery efforts, as in the case of [REDACTED] February 4, 1969. The [REDACTED] is being considered.

Chicago has also continued to advise local authorities of instances where local Black Nationalists, particularly BPP members, appear vulnerable to arrest on local charges. Along these lines Chicago letter of February 10, 1969, set forth specific information whereby [REDACTED] was arrested just prior to a television appearance, through efforts of a Chicago BPP source and Chicago Special Agents. The arrest was an effective source of embarrassment to the BPP; however, [REDACTED] was subsequently found innocent, in jury trial, of the mob action charges for which he had been arrested.

Additionally, information has regularly been disseminated by Chicago to other Bureau offices for local dissemination in instances where Chicago BPP subjects have travelled elsewhere. Specifically local BPP subjects have on several occasions journeyed to the University of Illinois, Champaign, Illinois, and their activities there have resulted in numerous arrests. Prior knowledge of the presence of these subjects, their purposes and identities, have been of great value in alerting local authorities to the potential for violence represented.

One of those local BPP members arrested in Springfield was determined to be on probation on local Chicago charges. Inasmuch as the arrest represented a violation of this probation, the information regarding the arrest was made available to the appropriate Chicago Police authorities, and probation authorities. Unfortunately, both expressed a lack of interest in taking any action in this matter.

CG 157-2209

4. Developments of Counterintelligence Interest

As in the recent past, the most significant area of development continues to center around the activities of the local BPP. It has suffered from organizational and factional problems, as well as financial difficulties, and has yet to prove its ability to serve as a cohesive or unifying influence in the local Black Nationalist community.

As concerns the remainder of local Black Nationalist, individuals and groups, the situation continues to be fragmented, with none appearing of sufficient stature or influence that the divergent groups are willing to sacrifice their own limited objectives, or independence, for the sake of a united front.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

This is to recommend that information concerning a grant being solicited under subterfuge by the black extremist organization SNCC be furnished [REDACTED] Atlanta, Georgia, on a confidential basis.

Memorandum W. C. Sullivan to C. D. DeLoach 2-13-69 indicated the National Episcopal Church (NEC), New York City, intends to furnish the Afro-American Society of Greater Atlanta (AASGA) funds totaling \$34,000, ostensibly for the purpose of improving race relations in Atlanta. However, AASGA is actually a front name for SNCC.

It has been ascertained that [REDACTED] who is in [REDACTED] at Atlanta, did receive \$34,000 in the name of AASGA. The NEC subsequently questioned whether AASGA was a bona fide organization and retrieved the \$34,000 to further consider this matter. Jenkins has expressed the opinion NEC will re-issue the funds in a few weeks with the knowledge AASGA is actually a SNCC organization.

SNCC is one of the most notorious black extremist organizations in the country. Under the leadership of Stokely Carmichael and H. Rap Brown it has advocated a black revolution through violence and guerrilla warfare. The fact the Episcopal church is even considering furnishing funds to SNCC is outrageous and it is believed publicity about this matter would cause the church to cut off the grant. Our Atlanta Office has advised that [REDACTED]

This is to recommend counterintelligence action to expose financial chicanery by the Southern Christian Leadership Conference (SCLC) in getting a grant from a foundation.

We learned that [REDACTED]

[REDACTED] late Martin Luther King, Jr., who founded the SCLC, was in contact with [REDACTED] regarding a \$75,000 gift or grant from the Field Foundation. [REDACTED] was a Communist Party organizer in the 1930s and reportedly a genius in manipulating Party funds.

[REDACTED] arranged with [REDACTED] to have [REDACTED] match a \$75,000 grant from the Field Foundation because the Field Foundation would not approve a matching grant from the SCLC itself. [REDACTED] said that the SCLC will later reimburse [REDACTED] foundation. [REDACTED] foundation is called the Freedom Foundation although the source interpreted the name as Frida phonetically. It is believed we should expose this financial chicanery by anonymously advising Representative Wright Patman (Democrat - Texas) in general terms so as to protect our source. Patman, Chairman of the House Committee on Banking and Currency, is currently conducting hearings on the financial dealings of foundations.

ACTION:

Attached for approval is a draft of an anonymous letter to Representative Patman exposing SCLC financial manipulations which will be prepared and mailed by the Atlanta Division where SCLC is headquartered.

5-7200 *[Handwritten initials]*

Dear Representative Patman,

Since you are holding hearings on foundations, I thought you would be interested in a fraudulent scheme involving the Southern Christian Leadership Conference, the Field Foundation and the Freedom Foundation.

Information has come to my attention that the Field Foundation in New York City, a legitimate, well-known and respectable foundation has been approached by the Southern Christian Leadership Conference for a grant of \$75,000. One of the conditions of the grant from the Field Foundation was that a matching grant must come from another foundation. It is my understanding that an under the table secret deal was arranged for the Freedom Foundation to furnish the matching grant with the understanding that the Southern Christian Leadership Conference will later secretly return the money to the Freedom Foundation after the grant from the Field Foundation is received.

I can't sign this for obvious reasons, but I thought this kind of deal by foundations was the sort of thing you are investigating. This kind of manipulation smells and I hope you will be able to look into it and represent us taxpayers who are at the mercy of such double dealings on the part of, we hope, a relatively few unscrupulous manipulators.

The Freedom Foundation is not the Freedom Foundation at Valley Forge, Pennsylvania. My understanding is that it is located in New York City.

For the information of the Bureau, at 1:00 PM on 3/5/69, [REDACTED] spoke before the students of Lincoln High School, a predominantly Negro high school in San Diego, California. The primary purpose of his talk was black nationalism and the entire talk concerned primarily the recruitment of the high school youth into the Black Panther Party (BPP).

Bureau permission is requested to contact [REDACTED]

The purpose of the contact would be to advise [REDACTED] of the talk given by [REDACTED] and the apparent purpose of the talk. It will also be pointed out to [REDACTED] that [REDACTED] is an active member of the BPP and is apparently attempting to induce young high school boys and girls into becoming active members of the BPP.

It is felt that [REDACTED] will maintain the information in the strictest confidence and will lodge a protest of his own with the San Diego City Unified School District officials.

It is hoped that in this manner invitations for BPP leaders will either be held to an absolute minimum or completely precluded as they concern the high schools of the San Diego area.

Counterintelligence Operations in Effect Against the Black Panther Party (BPP)

At the request of the San Diego Office, the names and addresses of five important members of the Los Angeles Black Panther Party were furnished by the Los Angeles Office in order that certain caricatures concerning the Black Panther Party could be mailed to these individuals in the hope that this will create further dissension within the Black Nationalist movement.

Interviews with members of the BPP are being continued in the hope that a state of distrust might remain among the members and add to the turmoil presently going on within the BPP.

Counterintelligence Operations Under Consideration

All arrests of members of the BPP continue to be followed, looking for violations of anti-riot and gun control laws in order to determine if any of these individuals might be prosecuted under Federal and State laws.

Accomplishments Obtained

During the past week, a BPP member was critically wounded, reportedly by "US" members, at a rally near the Carver Junior High School, which had been involved in student strikes. In retaliation, it is believed that BPP members fired into the home of a member of "US" without doing any injury to this individual.

During the early morning of 3/17/69, an individual was shot near the residence of [REDACTED] an "US" official, and six individuals believed to be "US" members were arrested.

There is no indication that the above incidents were the result of any of the counterintelligence programs aimed at the BPP; however, they do indicate a definite disruption within the overall black nationalist movement and causing a great deal of consternation within the black community.

NOTE:

By relet San Diego recommended a letter of commendation for [REDACTED] for outstanding performance in connection with the counterintelligence program against the BPP. To justify its recommendation San Diego mentioned two anonymous telephone calls to local BPP leaders which resulted in consternation among BPP members and in the lessening of the effectiveness of BPP member as a leader. Information furnished by San Diego does not appear to justify its recommendation for a letter of commendation. San Diego has an active counterintelligence program which has achieved considerable results in disrupting the BPP. It is felt that San Diego will be able to furnish additional information concerning accomplishments in this regard by [REDACTED] and instant letter so instructs.

Re San Diego airtel to the Bureau 3/3/69.

San Francisco is requested to expedite the furnishing of the names and addresses of the most prominent Black Panther Party (BPP) members in that division as requested by reairtel.

For the information of Los Angeles, Sacramento, and New York, the first cartoon was mailed to individuals in your divisions on 3/10/69. The next mailing is scheduled for 3/18/69.

Each office is requested to follow the reactions of the BPP members receiving their cartoons very closely and promptly report any observations to the Bureau and San Diego via airtel. For your information, reports concerning the cartoons mailed in the San Diego are currently being received through San Diego sources. They indicate that the cartoons of [REDACTED] have caused a great deal of confusion and apprehension, particularly concerning who could be responsible for the cartoons. Several individual BPP members who have defected to the US organization or who have ties with the white community have been discussed by active BPP members as suspects. The local police department was also mentioned as suspect but this theory was almost immediately abandoned. The general, and final consensus of opinion at this time, is that the US organization is "now ready to move" against the BPP.

In addition to the mailing of the cartoons to individual BPP members, two envelopes, each containing three cartoons, are being mailed to the various BPP headquarters.

Copies are also being mailed to local underground newspapers in the San Diego and Los Angeles areas.

In the event recipient offices feel additional members should be on the "mailing list" or if it is felt inclusion of local underground newspapers would be of benefit, it is requested that the appropriate names and addresses be furnished to San Diego.

Caution should be exercised that the furnishing of names and addresses of individuals will in no way jeopardize confidential sources.

DATE: 3/18/69

Re Detroit airtel, dated 2/19/69, and
Bureau letter, dated 2/28/69.

As a counterintelligence technique, Detroit is
submitting the following letter:

"Brother:

" Our Black Panther Party in Detroit
is now functioning as a black militant,
trained, well-organized, highly efficient
group capable of maintaining peace and order
in our ghetto neighborhoods.

"Of special interest to you as one of
our black business brothers trying to
survive in our black ghettos from both
a safe operating standpoint free from
interference and at the same time realizing
a fair profit, we would like to offer you
the following information on our newly
formed business security program:

"1. The Black Panther Party has recently
organized a staff to adequately furnish
protection of our black business brothers
operating in our black communities. This staff
would insure your business is not hampered by
black men's stickups or arson (this should be
handled by the anti-black Detroit Police
Commissioner Spreen and his white oriented
cops who over protect white businessmen
and over-react against our black brothers.

REC-15

RACIAL INTELLIGENCE
157-3214

DE 157-3214

The above letter will be sent to numerous black people operating businesses in the Detroit black ghetto area. The names and addresses of these people will be obtained from personal observation, and through ads in the "Michigan Chronicle", a weekly Detroit publication which caters to a minority group. Names and addresses will also be obtained from Bresser's Directory.

This letter will be prepared with a Black Panther Party letterhead.

Pending receipt of Bureau approval for the dissemination of the above-mentioned counterintelligence letter, Detroit proposes as a counterintelligence follow-up activity relating to this matter a letter to the Editor of both "The Detroit News" and the "Detroit Free Press", Detroit daily newspapers. This letter would be signed by one of the recipients of the BPP letter and would be of a bitter nature complaining about paying "protection money" to the Detroit BPP. This letter would read as follows:

"As a respected and fearless black businessman operating a business in the black community in Detroit I deeply resent receiving a letter from the Black Panther Party which to me smacks of a 'shakedown'. I pay taxes and operate my business above board. I treat my customers fair and don't gouge them when they buy from me. So why should I be singled out by the Panthers who have as much as said pay and join up with us so your store doesn't get broken into or burned down.

"I am sending along with this letter a copy of a letter I received from the Panthers which is too long to include in my letter to the Editor.

DE 157-3214

"I sincerely hope your newspaper will expose the Black Panther Party for what they are trying to do to me. I am sure other Negro business people have received the Panther's letter but are probably scared to expose these dangerous thugs for fear they will be hurt."

This letter would be written in longhand and signed by one of the recipients of the BPP letter with his name and address.

As another proposed counterintelligence activity relating to this matter, Detroit recommends the following after the aforementioned letter is published in the letters to the Editor. This letter would be a reply from [REDACTED] who is the recognized leader of the BPP in Detroit. This proposed letter would be also directed to "The Detroit News" and "Detroit Free Press" and would read as follows:

"Let me go on record as flatly denying that the Black Panther Party of Detroit as an organization or that any of us leaders or members of the Black Panther Party in Detroit, have ever disseminated any literature to organize black businessmen in Detroit to safeguard their businesses and prevent them from suffering physical harm. We of the Black Panther Party, and I as their chief spokesman, vehemently deny any participation in the action referred to in the letter to the Editor as published in your issue of _____, allegedly received from a Detroit black businessman.

"Further allow me to state that the Black Panther Party does not advocate violence but rather that we are interested only in the

DE 157-3214

survival of the black people and securing our rights and being treated as dignified, responsible citizens. As for myself, I do not advocate the overthrow of the U. S. Government by violence or through any other means. I would not participate in any activity which would be inimical to the best interest of the United States Government.

"This obvious smear against the Detroit Black Panther Party which I, as their representative, believe is unwarranted and in extremely bad taste, is only another way in which people are trying to do away with the Panthers.

"It is my fervent hope that this letter will alleviate any fear people have of the Black Panther Party and will encourage people to understand us in the proper perspective.

[REDACTED]
Detroit BPP"

It is to be noted both "The Detroit News" and the "Detroit Free Press" in their issues of 6/13/64 and 6/14/64 contained articles relating to [REDACTED] travel to Cuba where he and other individuals advocated destruction of the United States Government. Inasmuch as this is public source information, this could be brought to the attention of "The Detroit News" and "Detroit Free Press" people in an anonymous letter.

The proposed letter would be submitted under [REDACTED] signature and would be typewritten.

DE 157-3214

All of the above-mentioned letters will be prepared on locally purchased commercial stationery and mailed in locally purchased stamped envelopes.

Every precaution will be taken to see that this letter cannot be traced back to the Bureau. It is believed that the aforementioned letters could cause considerable consternation to the BPP and [REDACTED] and would serve as a disruptive action in the entire operation of the Detroit BPP.

No action will be taken in this counterintelligence technique pending receipt of Bureau authority. The Bureau will be advised of any tangible results from this proposed counterintelligence action.

Reurlet 3/18/69.

The Bureau has carefully reviewed the proposed anonymous letters set forth in relet and is of the opinion that an undertaking of this scope should not be further considered until such time as in-depth informant and other coverage of the Black Panther Party (BPP) is obtained. In this regard, it is likely that in the very near future, the BPP may engage in criminal practices in the ghetto area of Detroit. The sending of the first letter recommended by you in relet could possibly suggest to the BPP a course of action which it would be willing to undertake.

You are encouraged to continue to think along counterintelligence lines and to resubmit recommendations aimed at disrupting the BPP when you believe the opportune time has arrived.

NOTE:

In relet Detroit recommends a counterintelligence maneuver involving the mailing of three anonymous letters which are expected to discredit the BPP publicly. Letter number one would be anonymously mailed to reputable black businessmen in the Detroit ghetto. It contains a veiled threat by offering protection from Negro hoodlums for a price. The second anonymous letter would be a follow-up to the first and mailed to local Detroit newspapers in which a recipient of a first letter would complain about paying "protection money" to the Detroit BPP. The third letter would be a sequel to the second and also addressed to the local Detroit newspapers. It would be signed by [REDACTED] in which [REDACTED] denies that the BPP sent letter number one to Negro businessmen.

The third letter also states that the BPP is a nonviolent organization and in effect persuasively defends BPP objectives. Authority to mail these letters is being denied in view of the fact it is not believed that the overall effect of the mailing will actually hurt the BPP. Moreover, the Detroit Office does not have good informant coverage of the BPP at this time and is in the process of obtaining technical coverage of the BPP. Until Detroit has a sound knowledge of BPP objectives locally, it is not believed that a counter-intelligence action of this nature should be authorized.

BLACK NATIONALIST MOVEMENT IN THE PORTLAND FIELD DIVISION;
CHANGES

Since referenced letter of 12/2/68, a Black Panther Party (BPP) group has been formed in Portland and another in Eugene, Oregon, but neither is recognized by the national BPP. No official contact or communication is known to have taken place between these groups and the national, definitely not between the Portland group and the national. "Membership" fluctuates with each meeting but in the Portland group average is around twelve persons attending. The latter group is in the talk and educational stage at meetings with no organized violence attributable to it. Members or persons attending the Portland group have a propensity individually for violence but the group as a whole currently, because of top leadership, will refrain from violence.

The Eugene group which appears to have come into existence during latter February, 1969, is in a similar formative stage, and the [redacted] believed to [redacted] an extremist who has a definite potential for violence.

[REDACTED]
the February, 1969 "captain" of the Portland BPP are both on the Agitator Index and the Security Index and are the two individuals in Oregon with the most propensity for racial violence.

[REDACTED] and is a former [REDACTED]. He is under indictment at Saginaw, Michigan for "preparation to burn" in connection with a racial disorder in 1967. [REDACTED] has been a continuous instigator of radical student and racial disorders on the UO campus and in the City of Eugene.

[REDACTED] is being paid by Portland State University (PSU) in connection with a Black Studies Community Project. During 1968, he was publicly known as a BPP organizer, is currently active in the Portland "BPP" and definitely favors racial violence, having privately admitting a fire bombing in Portland.

(1) Operations Under Consideration:

By letter of 1/31/69, Portland suggested mailing to known extremists, nationally, warnings concerning recent Federal gun law restrictions -- this mailing for the purpose of advising extremists that the government was aware of their activities. Portland is awaiting Bureau recommendation to this proposal.

Portland previously has submitted suggestions for a "West Coast Committee for a New BPP" and is awaiting San Francisco's response.

(2) Operations Being Put Into Effect:

Portland is currently intensifying investigation of [REDACTED] recent purchases or attempted purchases of firearms which may be in violation of new gun control laws and will take advantage of every opportunity for prosecution.

Portland has received information that [REDACTED] has stolen luggage from Portland Air Terminal. Portland will be alert and is coordinating with an informant for [REDACTED] next trip to the airport.

PD 157-347

(3) Tangible Results of Counterintelligence:

Portland has infiltrated the top leadership of the BPP group in Portland and is definitely able to control its activities. Through this infiltration, Portland has been able to keep racial violence, at least that instigated by the BPP and BPP associates, at a level greatly below that of surrounding major cities.

(4) Developments of Counterintelligence Interest:

No additional pertinent information.

Reurtele 3/20/69 captioned "Incident at Meany Junior High School Involving Film "Off the Pigs," Seattle, Washington, 3/20/69, Racial Matters - BPP, IS - SDS, STAG."

The decision of [REDACTED] to capitulate to extremists by closing his school in order to permit the showing of the inflammatory film "Off the Pigs," to students is most likely an item of vital interest to the Seattle citizens. Furthermore, the pressure applied by extremists which resulted in the school closing appears to be an infringement of academic freedom.

By 3/27/69 submit concrete recommendations to the Bureau on how best this matter can be exposed to the public through a counterintelligence operation which will focus attention on [REDACTED] capitulation so that public persuasion will preclude a recurrence of this type of incident.

In this connection you may desire to consider furnishing this information to [REDACTED] who is currently preparing a TV news special exposing the Black Panther Party.

Take no action to implement any counterintelligence measure in this regard without prior Bureau authority.

Enclosed for the Bureau are five caricatures directed at the Black Panther Party (BPP) on a nationwide basis.

The purpose of the caricatures is to indicate to the BPP that the US organization feels that they are ineffectual, inadequate, and riddled with graft and corruption.

Most of the caricatures are self-explanatory to individuals who are familiar with the activities of the BPP. For clarification, however, BOBBY SEALE is the BPP Chairman with headquarters in Oakland, California. [REDACTED] is the Minister of Security and second in command of the BPP, also in Oakland. [REDACTED] and [REDACTED] are the current leader of the BPP [REDACTED] is leader of the [REDACTED] with headquarters in Los Angeles, California. [REDACTED] are the two Black Panthers who were killed by US members recently in Los Angeles.

Explanations concerning the caricatures are as follows:

Number One shows [REDACTED] with a list containing the names of [REDACTED] which have been crossed off. The names of SEALE and [REDACTED] remain on his list.

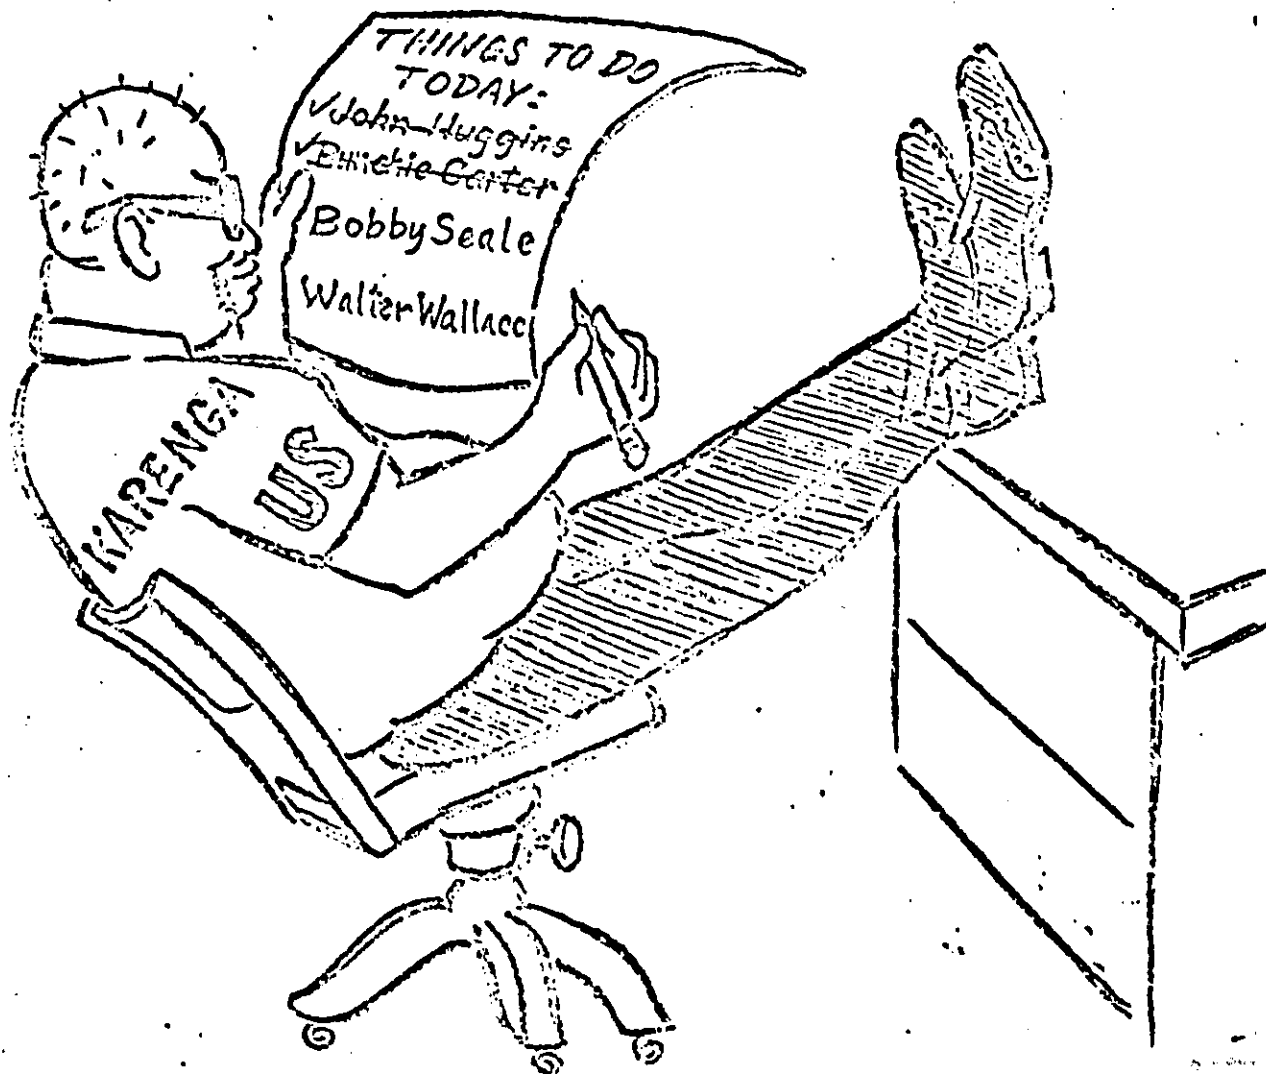

Number Two indicates that BOBBY SEALE is simply using [REDACTED] And is in complete control of all factions of the BPP. This is a sensitive area since it is reported that many local BPP leaders feel that they are more qualified to control their own groups than is SEALE.

Number Three suggests that possibly SEALE is himself a "police agent" and, in addition to demanding substantial amounts of money from the local BPP membership, is also passing information on to local police authorities. This caricature is aimed at BOBBY SEALE's announced program of purging the BPP of informants.

Number Four attacks a very sensitive point among BPP members in that there is a prevalent feeling that the individual member chapters are being exploited by SEALE. The drawing depicts SEALE extracting his 50% from the local BPP chapters and in effect returning them to a subservient role within the BPP framework.

Number Five depicts [REDACTED]. It is felt that the paper tiger terminology is in keeping with the BPP's espousment of MAO TSE TUNG's teachings.

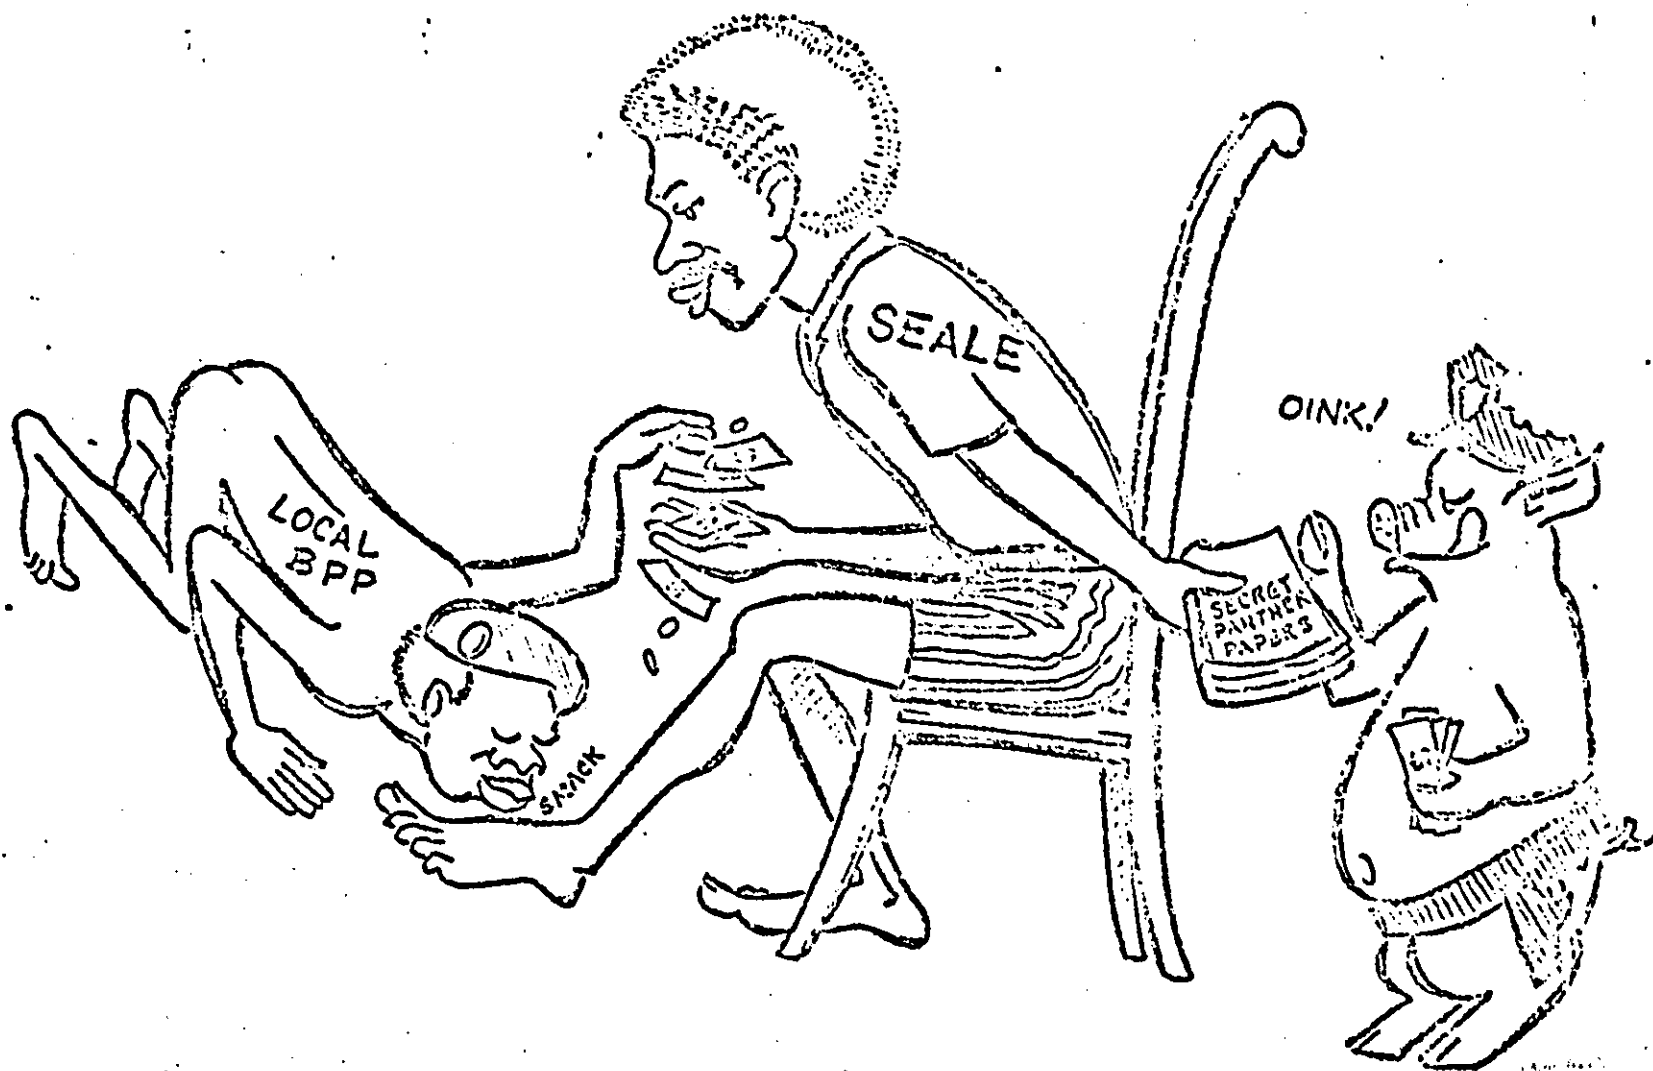

Bureau approval is requested to reproduce the enclosed caricatures and thereafter distribute them to all offices who currently have an active BPP membership. In view of the fact that San Diego is not aware of the size or effectiveness of the various BPP memberships in the different field offices, the Bureau is requested to advise San Diego the number of copies which should be sent to each Division. This, of course, is contingent upon Bureau approval for distribution of the above mentioned caricatures.

You are authorized to reproduce enclosed cartoons for anonymous distribution to Black Panther Party (BPP) members in Los Angeles, New York, Sacramento, San Diego, and San Francisco.

The cartoons should be mailed anonymously one at a time, commencing with cartoon number one which portrays the caricature of Ron Karenga. The mailings should be spaced at least one week apart and all mailings should be postmarked at San Diego.

You should reproduce these cartoons in sufficient numbers to send several cartoons each to known BPP offices in the field divisions listed above as well as to Panther officials whose resident addresses can be obtained from the BPP newspaper.

Insure the mailings are made under secure conditions in commercially purchased envelopes which cannot be traced to the source. If you deem it practical, the Bureau has no objection if you use envelopes produced by New Left or college organizations which would logically have an interest in the organizations ridiculed in your cartoons. In no event should you use Bureau informants to assist in the distribution of the cartoons.

Re Buffalo letter to Bureau, 3/11/69, and Bulet
to Albany, 1/30/69.

In accordance with instructions set out in
referenced Bureau letter, Buffalo has given consideration
to Counterintelligence matters which could possibly be
applied to the Black Panther Party (BPP) Chapter established
in Rochester, New York.

The Rochester Chapter has recently completed its
probationary period, required by the National Headquarters of
the BPP in Oakland, a period of six months and is awaiting
its charter as a regular BPP Chapter. As of this date, the
Chapter does not have a headquarters in the Rochester area.
It has been contemplating two locations for a new headquarters
and is presently attempting to raise funds to make the initial
rental payment.

Based on information available, the Chapter is
in a highly disorganized state and is made up of some one-half
dozen individuals, who are active in the organization. It
lacks any organized leadership against whom a planned counter-
intelligence project could be operated at this time.

As pointed out in referenced Buffalo letter,
consideration has been given to calling attention to members
of this Chapter, the various acts of financial mismanagement
on the part of some BPP leaders including KATHERINE CLEAVER.
At this time it is felt that the disorganized and bankrupt
state of the Rochester BPP Chapter is such as to mitigate any
real affect of spreading a rumor about the conduct of national
officers because the Chapter appears to be only remotely
connected and/or interested in the actions of the leaders.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Re Chicago letter, 3/10/69, and Houston letter, 3/17/69,
both under above caption.

Regarding the counterintelligence proposal set forth in referenced Houston letter, Chicago feels this suggestion could result in the creation of internal friction in Black Panther Party (BPP) leadership, and sees no reason why it should not be utilized. In connection with the local BPP, there are no funds available to provide BPP headquarters, and in all likelihood, the immediate reaction would be a telephone inquiry regarding such a request. The fact that little, if any, funds would result is immaterial, and in fact, the size of the sum in question would serve to alert BPP officials of this matter more expeditiously. Chicago does not have intimate knowledge of the inter-relationships of the BPP upper echelons, and consequently, is not in a position to have any real basis for estimate of possible reactions. Even if it were suspected that such was the result of "enemy" action, as long as this is not provable in any way, Chicago feels the effort is worthwhile.

In connection with local BPP affairs, a Chicago source who is close to [redacted] who formerly was [redacted] position in the BPP here, has advised that [redacted] in recent days has expressed concern for his personal safety, since current BPP leaders, principally [redacted] are "out to get him". [redacted]

The motive for this is obscure, however, most probably is an exaggeration by [redacted] of the degree of jealousy and rivalry between himself and the above parties. [redacted] is known to have made such remarks in the past, to inflate his own importance, and to disguise the fact that he has never been as influential in local BPP affairs as he had hoped to be.

[REDACTED] are references to the Blackstone Rangers, large Negro youth gang on Chicago's south side, and its leader, [REDACTED]. The Rangers and the BPP have had serious conflict in the past, as the Bureau is aware.

[REDACTED] of the notorious Black Panther Party, is at this time concerned that two other members of the Chicago Panthers are "out to get him." The NYO will prepare on commercial letter paper the following message which will be sent to [REDACTED]

New York, New York
Date

Dear Bishop [REDACTED]

Although I am not a member of your church I would like to comment on the action of an individual who I recently met at a social affair.

This person who I later came to know as [REDACTED] claims to be [REDACTED]

At this social affair [REDACTED] who was obviously intoxicated was loud and boisterous and when introduced to me commented to the effect that he had met enough "kikes" in one evening.

Although I do not put much stock in the ramblings of a drunk he did go on to state that he thought as a Jew he would be interested in knowing my reaction to a scheme he had in mind which a black man socks it to a Christian white man. [REDACTED] went on in great rambling detail as to how he was pulling this great swindle and essentially the idea he stated is that the Episcopal Church without knowing it is going to give about \$35000 to some old black friends of his down in the south.

NY 100-161140

██████ told me that this \$35000 is going to be used as he said not to build a monument for Martin L. King but to see that the boys can celebrate Sept. 26, in a proper fashion. This date amazed me and I asked him what is Sept. 26. He replied Man, that is the day the Jew Canoes go on sale. This of course means an expensive Cadillac automobile. What gall for him to say this to me!

He seemed to take great delight in telling me that with this \$35000 he and his friends would be able to buy good liquor, good clothes and big autos.

I believe he referred to this group of friends as the "Afro-American Society of Atlanta".

██████ stated that if he can put this one over he thinks he will be able to sell Cardinal Cooke the Brooklyn Bridge. He mentioned some of the Atlanta gang as being such individuals as ██████████ and others in the Student Non-Violent Coordinating Committee.

I have heard of ██████████ as being a black radical and I know that SNCC was really the sounding board for many of Stokely Carmichael's anti-semitic statements.

As a Jew living in a world and particularly in a city where there are violent anti-semitic feelings present I cannot let an incident such as the one described above pass unnoticed. I kind of feel that I am an activist and that I will do things when they have to be done. When ████████ stated in the midst of one of his anti-semitic tirades which took place the night I met him that he had received great acclaim in the New York Times for saying such things in the past some-time around February, 1966, I went to the New York Times and what did I find in the February 9, 1966 issue the following article listed on page 26 of that issue of which I have enclosed a xerox copy for your perusal.

NY 100-161140

I do not know of what action will be taken on this matter, if anything will be done at all, but being an activist, I am taking the liberty of sending a copy of this to the [REDACTED] because I believe that this matter should be related to as many people as possible.

Finally I would like to state that not only as I said before that I am an activist but I am a realist as well and being a Jew who runs a business in a ghetto area you can see very well why I cannot furnish my name or address after describing the things I have heard and saw [REDACTED] do.

A Jew who believes
in Brotherhood

The Bureau's attention is invited to the fact that the information contained in the "New York Times", page 26, 2/3/66, is substantially the same information as reported in this letter and furnished by [REDACTED]

[REDACTED] A copy of this article can be furnished to the Bureau if the Bureau so directs.

Bureau approval is requested to place above mentioned counterintelligence measure into effect.

Atlanta is requested to advise New York of any pertinent developments.

School Talks

By Black Panthers Banned

Sheldon Cites Militant Group's Language At Western

By ALVIN P. SANO

Dr. Thomas D. Sheldon, the city school superintendent, has banned representatives of the Black Panther party from speaking in the city schools.

Dr. Sheldon said yesterday that his decision was taken because of a recent incident at Western High School involving representatives of the black militant group.

Parents Complained

The Panthers appeared before a club at the school and "used the type of language that shouldn't be used in public schools," the superintendent explained.

"They said things that were

anti-social in general," he added.

An aide to Dr. Sheldon said school officials have received many complaints from parents about the presentation made by the Panthers.

However, the aide, Francis X. Trainor, coordinator of public information, for the School Board, added that many of the youngsters who heard the Panthers speak apparently were not disturbed by their language. But there were some youngsters who were upset, he said.

In a memo dated March 21, about 10 days after the incident at Western, Dr. Sheldon imposed the ban on the Panthers.

He wrote all school principals: "... It has recently come to our attention that the Black Panther organization scheduled for a school club subjected the audience to obscenities and sugges-

tions such as should not be tolerated in any of our public schools.

"Principals are therefore advised that this group should not be scheduled in any school activity," Dr. Sheldon concluded.

In the memo, Dr. Sheldon also said that "principals are vested with complete authority to approve or disapprove permission for speakers to participate in school activities. This authority necessarily implies an obligation to ensure that persons scheduled to address student groups will be of good moral character and will so report themselves as not to result in disruption to the regular school programs, or to reflect a negative image of the parents and citizens of our city."

The superintendent said that in order for a principal to decide whether a speaker meets these

School officials said that except for the ban on the Panthers the memo did not contain any changes from accepted school department policy.

[REDACTED]
[REDACTED] In [REDACTED] in Baltimore [REDACTED] was reportedly a member of the American Youth for Democracy and in [REDACTED] was reported to be a member of the Young Progressives of America. While attending [REDACTED] College, [REDACTED] during [REDACTED] reportedly joined the Communist Party.

During February, 1969, [REDACTED]

[REDACTED] spoke before the combined social studies classes of [REDACTED], who are white student teachers from Harvard University teaching at Eastern High School, Washington, D.C. [REDACTED] told the students that the capitalistic system is not for black people and alleged that the U.S. Government is in the process of building concentration camps in the U.S., that there are eight or nine such camps already in existence and the Government intended to launch a program of genocide against the blacks in the U.S. [REDACTED] encouraged all black sisters to accept Government jobs in grades 2, 3, 4, and 5 that "whitey" will offer and thereby place themselves in positions where they can obtain copies of all Government communications so that the blacks would be in a position to establish their own government. This talk was highly profane and inflammatory and designed to stir up the students. His remarks were well received.

[REDACTED] while in [REDACTED] when he arrived areas from [REDACTED] in Washington, D.C., was never identified as being a member of the Communist Party although he has a history of being associated with a number of communist or communist front organizations. Among these are the Youth Action Union where he attended numerous meetings in July through November, 1963, including Marxist discussion classes. He was also

WFO 157-1292

observed during this period to be present at fund raising activities in support of the "People's World," then the West Coast communist weekly newspaper. In 1965, he actively supported activities of W.E.B. DuBois Club in Los Angeles. In [REDACTED] was arrested at San Francisco State College and charged with trespassing and disturbing the peace in connection with demonstrations.

As indicated in referenced communications and the above, these are two instances in which black extremists have recently sowed their seeds of hate before young impressionable high school students. These lectures are presented under the guise of black studies programs and it would appear that there is no effective way to counteract these extremist activities except through wide spread publicity in the local news media. From information obtained by WFO, it appears that the teachers are permitted to invite anyone of their choosing into the classrooms without prior concurrence of the school principal or others in authority. It is obvious that this situation presents a very grave risk to an already tense racial situation in that it virtually negates informant coverage because of the tender age of the students involved and the nonexistence of an organization subject to penetration by racial informants. In short, any teacher sympathetic to the aims of black extremism can invite guest speakers into his classroom where the activities would only be known to the teacher, the speaker and the students involved.

It would appear that an effective way to counteract this situation would be through a series of indepth articles by a friendly local newsman. Ideally, the articles would include interviews of [REDACTED] the three [REDACTED] at Eastern High School, and also [REDACTED]. Interviews should also be conducted with a representative number of high school principals, the District of Columbia school superintendent, as well as members of the school board to determine the extent of their knowledge of these

WFO 157-1292

Interviews might also be conducted with parent-teacher groups, moderate Negro civil rights leaders, as well as representative samplings of parents for their reactions to lectures of this nature.

REQUEST OF THE BUREAU

The Bureau is requested to give consideration to the above for the purpose of preventing high school students from being exposed to black extremist preachings in an atmosphere which is one sided and unrebutted by the truth.

I. OPERATIONS UNDER CONSIDERATION

Three additional caricatures are being prepared
and will be forwarded to the Bureau for approval and
evaluation.

Seized Black Panther Party (BPP) records are presently
being reviewed and appropriate requests for counterintelligence
action are anticipated upon completion of the review.

The BPP finally managed to rent the Rhodesian Club
at 2907 Imperial Avenue, San Diego, which will be utilized
for a meeting hall. A request will be forthcoming to have
the San Diego Police Department and local health inspectors
examine the club for health and safety defects which are
undoubtedly present.

Efforts are being made to determine specifically
what [REDACTED] activities, as they relate to the BPP,
are, after which appropriate counterintelligence action will
be requested.

II. OPERATIONS BEING EFFECTED

Two Bureau approved cartoons have, to date, been mailed to the various field divisions. Any reactions noted in the other divisions have not yet been received by the San Diego Division.

A Bureau approved anonymous call was placed to [REDACTED] has named him as a police informer to protect his [REDACTED] No results thus far have been observed. Repercussions are still being noted as a result of the Bureau approved anonymous telephone call placed to the mother of [REDACTED] which appear in the following section of this letter.

III. TANGIBLE RESULTS

Reaction concerning the mailing of two cartoons to BPP members appear to be convincing the recipients that the US organization is responsible and is attempting to disrupt the BPP prior to "moving in" and "taking over" the BPP. Several members have quit and/or have been expelled from the BPP and at least one [REDACTED] is attempting to join US.

[REDACTED] has been forced to cease [REDACTED] association with the BPP by [REDACTED] and, as a reportedly talked with [REDACTED] result, began to question the activities of [REDACTED] The result of this questioning was that [REDACTED] learned that [REDACTED] and has therefore had [REDACTED] committed to a reformatory as a wayward juvenile.

[REDACTED] was forced to move out of [REDACTED] home. This resulted from the fact that [REDACTED] got "fed up" with the numerous raids by the police concerning suspicions that [REDACTED] was in the possession of marijuana and dangerous drugs. These raids resulted from the fact that [REDACTED] who has been going with [REDACTED] has been reported by informants as using and generally being in the possession of marijuana. This information was made available to the San Diego Police Department who have been arranging periodic raids in the hope of establishing a possession of marijuana and dangerous drugs charge against [REDACTED] In addition, [REDACTED] reportedly stole some money from [REDACTED]

[redacted] mother for the benefit of the BPP. This could logically have been due in large part to the fact that the BPP has been so discredited and disorganized in San Diego that it is virtually impossible for them to obtain funds and/or backing.

Due to the fact that [redacted] has himself been accused of being a police informer from several quarters, he has launched out at numerous individuals, accusing them of being informers. This appears to be an effort on [redacted] part to take some of the suspicions from his shoulders. The latest individual to be so attacked by [redacted]

[redacted]

He was arrested on a misdemeanor warrant obtained as a result of his purchase of a hand gun found in the possession of [redacted] is arrested on [redacted]

[redacted] has been expelled from the BPP under suspicion of being a police informer. He is currently hanging around one of the local "teen posts" and attempting to join the US organization.

[redacted]

In view of previous Bureau directives concerning violations and possible violations of local laws by leaders and members of the BPP, on 1/10/69 information was furnished that three individuals who were possible members of the BPP were involved in a car theft ring. This information

first came to the attention of the San Diego FBI Office from [REDACTED]

Due to the fact that the individuals involved were believed to be members of the BPP, information was furnished to the [REDACTED]

It was learned that the vehicle in which they were riding, a 1964 Cadillac, had been reported stolen in San Diego the previous day. Subsequent investigation has determined that these three individuals have been responsible for the theft of three Cadillacs in San Diego and have transported these vehicles to Los Angeles for resale. All three have been arrested as a result of information furnished through FBI informants and the Counterintelligence Program.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

[REDACTED] has recently been taken back into the party "for a specific purpose." He is reportedly not the leader of the BPP but appears to be working in conjunction with [REDACTED]. It is felt at this time that his primary function will be to attempt to solicit the support of the white community for the BPP. This development is being closely followed by the San Diego Division for possible counterintelligence action.

The NYO feels that the suggestion submitted by the Houston Office certainly has merit.

Due to the disorganization of the BPP people in the NYO area, it is unlikely that they will be able to come up with \$500.00. But the fact that BPP Central Headquarters is requesting such an amount might cause dissention within the group and might cause them to wonder what the Central Headquarters would do with the money.

[REDACTED] the NY BPP would probably be upset over such a request since the BPP Central Headquarters failed to raise bail money for him when he was recently jailed.

Perhaps we could also use the format set forth in BPP letter to all chapters dated 1/26/69, to expel other selective BPP members from the organization.

BACKGROUND - PROBLEM

750:1-1
4/7/69

There are a number of civil rights and racial groups in the Steubenville, Ohio, area, and the sentiments of numerous individuals who belong to these groups remain questionable. Inasmuch as one aspect of our job is to identify extremists in these organizations, the following plan is broached. This plan is suggested because of the difficulty and obvious pitfalls in accepting an informant's determination as to who is an extremist, when there have been no overt acts.

The secondary problem which exists for the field is the testing of the aggressiveness, range, and scope of the informant net in a certain area. It is the belief of the Agent who handles racial matters in Steubenville, Ohio, that it would be wise to test this apparatus before an actual outbreak of civil disorder, so that it can be evaluated and changed if necessary. A similar problem or doubt always exists and that is: "Could a conspiratorial type meeting take place within an area covered by an RA or Headquarters city without the office being aware of it?"

It is recommended, therefore, that the following letter be prepared on Black Panther Stationery, which could be supplied by the Bureau Laboratory, by Cincinnati, in respect to addresses and mailed by the San Francisco Office. The letter would be sent to approximately 75 people in the Steubenville, Ohio, area. This letter will be mailed from San Francisco, California, so that it reaches the Steubenville, Ohio, area one or two days before the scheduled meeting.

"Dear _____,

We are presently preparing to enlarge the mass base of our party and we will be sending a representative to the Steubenville, Ohio, area on April 26, 1969, to meet with you and other individuals whom we feel have the necessary revolutionary spirit to form a chapter of the Panthers.

We feel that black men everywhere should buy arms and learn to use them, because we do not intend to simply change the society, we're going to overthrow it. We will have Black Power and we will have it now. BLACK MEN SHOULD BE BLACK PANTHERS.

Our man will be in Steubenville, Ohio, on April 26, 1969, at 3:00 P.M. He will hold a meeting across the street from the Baptist Temple on Fernwood Road in Wintersville, Ohio. This is an empty lot and public land. If the pigs should question you as to the reason for your gathering you are to say it is only a religious revival meeting. We will settle with the pigs later.

As you can see, we have done our homework well, our advance men have been in the area, heard about you, and we know you are on our side.

Signed _____"

It is felt that this letter is sufficiently inflammatory and subversive in both tone and content that it would only attract those individuals who are subversive and/or have a propensity for violence.

The area where the meeting is proposed to take place is in the [REDACTED] a very reliable friend of the Bureau, and it could be arranged so that no embarrassing incidents took place. The area is ideal for photographic surveillance, and all cars going into the area can easily be identified. The meeting, of course, will be covered by selected sources. There will, however, be no real meeting, unless someone seizes leadership on an impromptu basis. The land is public land where many groups have meetings, and there is no problem of trespassing.

FOLLOW-UP

Upon identifying those individuals who might attend, Cincinnati will open a case, develop background, and interview each. This procedure would have two objectives: (1) It would let these people know that they have been identified, and that the Bureau is aware of their attitudes and actions, thus hopefully causing them to cease some of their activities. (2) Cincinnati at Steubenville, Ohio, would be afforded an excellent opportunity for developing better informant coverage.

RECOMMENDATIONS

It is recommended that the Bureau approve the above measure to be instituted by the Cincinnati Division as soon as possible, noting that it would be most effective if used before the summer months, which have traditionally been disturbance prone.

Reurlet 3/25/69.

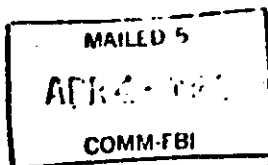

The Bureau appreciates the thought and ingenuity which Cincinnati displayed in relet, however, the Bureau cannot approve your suggestion. If a meeting such as you propose was held and, as you note, someone seized leadership and violence erupted, the Bureau could be vulnerable.

NOTE:

Cincinnati suggested sending a spurious letter from the Black Panther Party to about 75 possible agitators in the Steubenville, Ohio area, inviting them to a meeting. The letter was worded in such a way that only those with a propensity for violence would attend the meeting. Thus, through a surveillance, Cincinnati would be able to identify those with a propensity for violence. This suggestion has merit, however, as stated above the Bureau would be vulnerable if violence erupted from this meeting.
