---

Good afternoon. Attached is a press release that went out today on the PFAS pilot project at the airport. I'm sending along just as an FYI in case you all get asked about it. I'm not sure who all on your teams need to see this so I figured I'd send it to you and let you two decide that. Let me know if you have any questions.

Thank you,

**Carrie Springer**
**Deputy Airport Director - Communications & Strategy**
