> If you haven't heard by now, I recently met with Matt who informed me of his decision to step down from Mounted. His last ride day will be August 12 at the State Fair. Although he will not be with the team thereafter, he asked (and we gladly accepted) to continue to be plugged in as one of our lead trainers for defense and arrest tactics, firearms, etc.. His dedication and contributions to the team over the years has been nothing short of exemplary. While his departure will be a loss felt for some time, the team ,Captain Bach and Chief Koval understand and support his decision.

1	P NONSUPVOFC	I have redacted the name of other officers, including volunteer union representatives that appear in these records unless they are in leadership positions in MPD as exceptions in Wis. Stat. 103.13 (6) (e).	2
1	A PII CMBND	Certain personal information, including home addresses, phone numbers, passcodes, personal identification numbers (PINs), email addresses, dates of birth, driver's license numbers, financial account details, and Social Security numbers, have been redacted in accordance with the public interest balancing test. This test considers the balance between protecting individual privacy and the public's need for information. The public interest in preventing identity theft and the misuse of personal information is greater than the interest in disclosing this sensitive data. 1. Birthdates and Months: These are redacted to protect against identity theft, as the public interest in safeguarding this information outweighs the interest in its disclosure. 2. Driver’s License and WI DOT ID Numbers: These are also redacted under the public interest balancing test, as both state and federal laws prioritize protecting such personal details. Statutes like Wis. Stat. § 801.19 and 18 U.S. Code § 2721 support the protection of this data. 3. Financial Account Information: Withholding financial details is consistent with both state and federal laws, including Wis. Stat. § 19.36(13) and 5 U.S. Code § 552a. These laws emphasize the public’s interest in protecting financial information from misuse. 4. Social Security Numbers: Under the Privacy Act of 1974 (5 U.S.C. § 552a), Social Security numbers are protected from disclosure to prevent identity theft and misuse, as outlined in Wis. Stat. § 943.201(b). In all cases, the statutes and public policy dictate that protecting this personal information is in the best interest of the public.	3
